Bill Number: Bill SCR1611
Testimony by: Lynne Beachner

In Opposition
Testimony: Written Only

Dear Chairman Bud Estes and the members of the Senate Committee on Federal and State Affairs:

I am writing to voice my opposition SCR1611: Making application to the U.S. congress to call a convention of the states.

The Founding Fathers devised a constitution that would work for people. SCR1611 threatens our existence as we know it today. I have always been comforted by the fact the extreme ideologies cannot easily make their way into our government.

This bill must be stopped.

Thank you for your consideration,

Lynne Beachner
