In Opposition  
Testimony: Written Only

Dear Chairman Bud Estes and the members of the Senate Committee on Federal and State Affairs:

I am writing to voice my opposition SCR1611: Making application to the U.S. congress to call a convention of the states.

In a time when money and special interests are so rampant in politics, it is inappropriate to call a constitutional convention to change our current system of government. To undertake such a process would be a blatant power grab by one party to inexorably alter the way our government works.

I ask that you oppose SCR1611. The way we amend the US Constitution has worked well for over 200 years and we should keep amending it in the same way.

Thank you for your consideration,

Frank Cao
