Annual Registration for Escort Vehicles
Testimony for Bill SB-127
By Senator John Doll

The escort vehicle would regulate traffic, specifically escort vehicles, and require each company that operates an escort vehicle service in Kansas to pay an annual fee of \$50.00 per vehicle.

The fee shall be enforced and collected by the Secretary of Transportation. Address and name of the driver of the escort vehicle shall be included with the certificate showing they have paid the \$50.00 as well as been approved by the Secretary of Transportation. Additionally, the driver shall be self-insured and have insurance for the company vehicle.

After reviewing the application, the secretary has the power to revoke, suspend or refuse to issue a registration.

Once fees have been collected, they shall be given to the State Treasurer to deposit towards the state highway fund.

Failure to pay the annual fee following accepted application status shall result in a \$100.00 fee

A handwritten signature in black ink, appearing to read "John Doll". The signature is fluid and cursive, with a long, sweeping underline that extends to the left.
