From: Daron Hall, City Manager, City of Pittsburg, Kansas  
Subject: Written Testimony in Opposition to SB 146

Chairman Johnson and Members of the House Taxation Committee:

Please accept this letter and attachment as testimony in opposition to SB 146.

Pittsburg, Kansas is in southeast Kansas and has always worked diligently to attract business to our corner of the State. Our successes are the result of adequate tools, hard work and the belief that we have something special to share with individuals and business who consider locating here.

Industrial Revenue Bonds (IRB's) serve as one of the more important tools. As you can see on the attached spreadsheet we have used IRB's to generate nearly \$64 million of development and 1,000 jobs since 2005. "Would the City consider the issuance of IRB's to support this project?" is one of the first questions I get asked as the abatement is extremely attractive to businesses looking for a community and a State to operate in.

Please allow us to continue using this important tool to attract businesses which result in quality jobs for our residents.

Thank you for allowing me to share this information with your committee.

Respectfully,
