3-307e. Same; zoning. The airport commission shall act as an airport zoning commission for the county and as such shall make recommendations and serve in the same capacity as an airport zoning commission provided for in subsection (2) of K.S.A. 3-705. Said commission shall make such recommendations concerning type and boundary of zones and regulations to be adopted for public airports and all property within one (1) mile thereof. The board of county commissioners shall act on such recommendations and may zone such public airports and the surrounding areas within one (1) mile except where such areas have already been zoned by city action. In such cases, city zoned areas shall keep such city zoning control except that any changes in existing city zoning must have the approval of the board of county commissioners. All airport zoning regulations adopted as provided for herein shall be administered by the airport commission, as directed by the board of county commissioners. The county commissioners shall exercise directly all the zoning authority granted by this act in the event an airport commission is not appointed or functioning.

The provisions of article 7 of chapter 3 of the Kansas Statutes Annotated shall, insofar as the same can be made applicable, govern judicial review and enforcement and remedies for airport zoning regulations adopted pursuant hereto.
