

2018 Kansas Statutes

12-631i. Same; sewage disposal system defined; use of revenue. For the purpose of this act, sewage disposal system shall consist of all means by which sewage is transported, treated and disposed of and shall not include drainage or storm sewers or drains: Provided, That for construction and reconstruction purposes revenue derived under this act shall not be used for sewers, either lateral or main or intercepting, the cost of which is provided by law to be paid by special assessment.

History: L. 1953, ch. 120, § 3; June 30.
