

## 2018 Kansas Statutes

**65-672. Same; advertisements of food, drugs, devices or cosmetics deemed false, when.** (a) An advertisement of a food, drug, device, or cosmetic shall be deemed to be false if it is false or misleading in any particular.

(b) For the purpose of this act the advertisement of a drug or device representing it to have any effect in albuminuria, appendicitis, arteriosclerosis, blood poison, bone disease, Bright's disease, cancer, carbuncles, cholecystitis, diabetes, diphtheria, dropsy, erysipelas, gallstones, heart and vascular diseases, high blood pressure, mastoiditis, measles, meningitis, mumps, nephritis, otitis media, paralysis, pneumonia, poliomyelitis (infantile paralysis), prostate gland disorders, pyelitis, scarlet fever, sexual impotence, sinus infection, smallpox, tuberculosis, tumors, typhoid, uremia, venereal disease, shall also be deemed to be false, except that no advertisement not in violation of subsection (a) shall be deemed to be false under this subsection if it is disseminated only to a physician, dentist or veterinarian, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public-health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices: Provided, That whenever the secretary determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named above, the secretary shall by regulation authorize the advertisement of drugs having curative or therapeutic effect for such disease, subject to such condition and restriction as the secretary may deem necessary in the interests of public health: Provided, That this subsection shall not be construed as indicating that self-medication for diseases other than those named herein is safe or efficacious.
