

2018 Kansas Statutes

72-3715. Same; determining full-time equivalent enrollment; state aid; virtual school fund. (a) In order to be included in the full-time equivalent enrollment of a virtual school, a student shall be in attendance at the virtual school on: (1) A single school day on or before September 19 of each school year; and (2) on a single school day on or after September 20, but before October 4 of each school year.

(b) A school district which offers a virtual school shall determine the full-time equivalent enrollment of each student enrolled in the virtual school on September 20 of each school year as follows:

(1) Determine the number of hours the student was in attendance on a single school day on or before September 19 of each school year;

(2) determine the number of hours the student was in attendance on a single school day on or after September 20, but before October 4 of each school year;

(3) add the numbers obtained under subsections (b)(1) and (b)(2);

(4) divide the sum obtained under subsection (b)(3) by 12. The quotient is the full-time equivalent enrollment of the student.

(c) The school days on which a district determines the full-time equivalent enrollment of a student under subsections (b)(1) and (2) shall be the school days on which the student has the highest number of hours of attendance at the virtual school. No more than six hours of attendance may be counted in a single school day. Attendance may be shown by a student's on-line activity or entries in the student's virtual school journal or log of activities.

(d) Subject to the availability of appropriations and within the limits of any such appropriations, each school year a school district which offers a virtual school shall receive virtual school state aid. The state board of education shall determine the amount of virtual school state aid a school district is to receive as follows:

(1) Determine the number of students enrolled in virtual school on a full-time basis, excluding those students who are over 19 years of age, and multiply the total number of such students by \$5,000;

(2) determine the full-time equivalent enrollment of students enrolled in virtual school on a part-time basis, excluding those pupils who are over 19 years of age, and multiply the total full-time equivalent enrollment of such students by \$1,700;

(3) for students enrolled in a virtual school who are over 19 years of age, determine the number of one-hour credit courses such students have passed, not to exceed six credit courses per school year, and multiply the total number of such courses by \$709; and

(4) add the amounts calculated under subsections (d)(1) through (d)(4). The resulting sum is the amount of virtual school state aid the school district shall receive.

(e) (1) There is hereby established in every school district a fund which shall be called the virtual school fund, which fund shall consist of all moneys deposited therein or transferred thereto according to law. The expenses of a school district directly attributable to virtual schools offered by a school district may be paid from the virtual school fund. The cost of an advance placement course provided to a student by a virtual school shall be paid by the virtual school. Moneys deposited in or otherwise transferred to the virtual school fund shall only be expended for those costs directly attributable to the provision of virtual instruction.

(2) Any balance remaining in the virtual school fund at the end of the budget year shall be carried forward into the virtual school fund for succeeding budget years. Such fund shall not be subject to the provisions of K.S.A. 79-2925 through 79-2937, and amendments thereto.

(3) In preparing the budget of such school district, the amounts credited to and the amount on hand in the virtual school fund, and the amount expended therefrom shall be included in the annual budget for the information of the residents of the school district. Interest earned on the investment of moneys in any such fund shall be credited to that fund.

(f) For the purposes of this section, a student enrolled in a virtual school who is not a resident of the state of Kansas shall not be counted in the full-time equivalent enrollment of the virtual school. The virtual school shall record the permanent address of any student enrolled in such virtual school.

(g) For purposes of this section:

(1) "Full-time" means attendance in a virtual school for no less than six hours as determined pursuant to subsection (b).

(2) "Part-time" means attendance in a virtual school for less than six hours as determined pursuant to subsection (b).
