Proponent Written-only Testimony

HB2686

Wednesday Feb. 19, 2020

House Corrections and Juvenile Justice

Chair: Rep. Jennings

Mr. Chairman and members of the committee, I will not bother you, on this bill, with a litany of powerpoints or a robust evidence-based commentary. This bill represents a modest proposal to alleviate a little pressure on the back-end of the repugnant consequences from cannabis prohibition. In general, I support this bill.

Thank You
