Subject: Update: HB 2695, Fiscal Note for KDOC training at KLETC
Date: Monday, February 24, 2020 11:16:37 AM

Chairman Jennings.

On Feb 20th, Representative Carmichael requested information about a fiscal note regarding HB 2695, which would KDOC special agents to attend the Kansas Law Enforcement Training Center (KLETC). The fiscal note states that KLETC would receive \$9,119 in revenue from KDOC to train two officers in FY 2021. KLETC receives a portion of docket fees (KSA 12-4117) and a portion of vehicle registrations fees (KSA 8-145) to support training of law enforcement officers. However, the agency has stated that it does charge a tuition fees of some agencies. KSA 74-5609A authorizes KLETC to charge tuition for entities such as railroad policeman, tribal law enforcement agencies, and campus police. KLETC interprets this to include agents of KDOC.

Please let me know if there are any questions.
