Proponent Written Only

Chair: Rep. Huebert

02/20/2020

Mr. Chairman and members of committee, I am Nick Reinecker from Inman Kansas. My wife is a member of our local school board, we have two children in that district, and operate the local cafe. I support this bill as a continuation of applying sunshine to government operations in education and the public policy/consequences that follow. Please pass HB2690

Thank You
