Prairie Village, KS 66208

January 16, 2020

Chairman Parker, Ranking Member Ruiz, and members of the House Federal and State Affairs Committee:

I ask you to vote no on the constitutional amendment that denies the right to reproductive freedom in the Kansas Constitution.

Kansas women deserve the right to make their own personal medical decisions, including the decision to have an abortion, without interference from politicians. The right to abortion should remain protected by the Kansas Constitution.

Sincerely,

David Buchmann
