

1-22-20 HB2431 JUDEN

Sgt Tyler Juden is an American hero from my town. I knew him before I became the commander of post 18 of the American Legion.

He was always a respectable guy. I never saw him do anything that he did not do with excellence.

It is obvious by the awards he was given that America was blessed by the service of this soldier.

I believe naming a bridge for this hero is just a small nod to Sgt Juden's dedication to his country and his hometown.
