Chairman Bowers and Committee Members:

Good morning! My name is Tom Holland and I am the State Senator for the Kansas Senate Third District serving portions of Douglas and Leavenworth counties. I am here today to ask for your support of Senate Bill 296.

I have introduced this legislation on behalf of my Leavenworth county rural constituency. SB 296 would preclude a proposed rezoning amendment from being heard within one year of rejection.

Thank you for your favorable consideration of SB 296.

Sincerely,
