RE: Senate Bill 358

---

Good morning Mr. Chairman and members of the Senate Judiciary Committee:

The Division of Vehicles requested the introduction of this bill, it will amend K.S.A. 8-1016 and Supp. 8-241, 8-1014 and 8-1015. Senate Bill 358 will transfer the oversight of the DUI-IID Designation Fund and duties from the Department of Revenue to the Kansas Highway Patrol.

Permanently transferring the authority for the vendor oversight program to the Kansas Highway Patrol makes business sense. KHP currently works with the companies that provide the interlock devices and permanently changing the vendor oversight program to be administered through the KHP will provide the citizens of Kansas with the confidence the ignition interlock device is properly installed, and services are being provided correctly.

The Division of Vehicles and the Kansas Highway Patrol work very close on many aspects of compliance and safety. We will continue to work with KHP as the rules and regulations for SB 358 are transferred.

We will respond to questions at the appropriate time.
