Mr. Justin Crain,

Thank you making contact regarding allowing front license plates on our mixer fleet. Our subsidiary ready mixed concrete companies are comprised of 38 plants and nearly 300 mixer trucks. I believe this bill would help us stay in compliance as our current rear tags tend to get dirty and the cleaners we use are abrasive. This appears to be a commonsense remedy to an existing issue. You certainly have our support in your endeavor to correct this. Please don't hesitate to contact me if you need anything further.

Please give my best and our thanks to Senator Tyson!

Kent A. Webber
President
The Monarch Cement Company
