How does Kansas process compare to our neighbors?

Our neighbors' processes

1-time/Fixed Priorities:

Colorado: Governor consulted legislative leadership and announced priorities via letter to State's General Assembly in May

Nebraska: Governor announced investment priorities in May and that accounting firm Deloitte Touche had been hired to oversee the spending

Ongoing Prioritization:

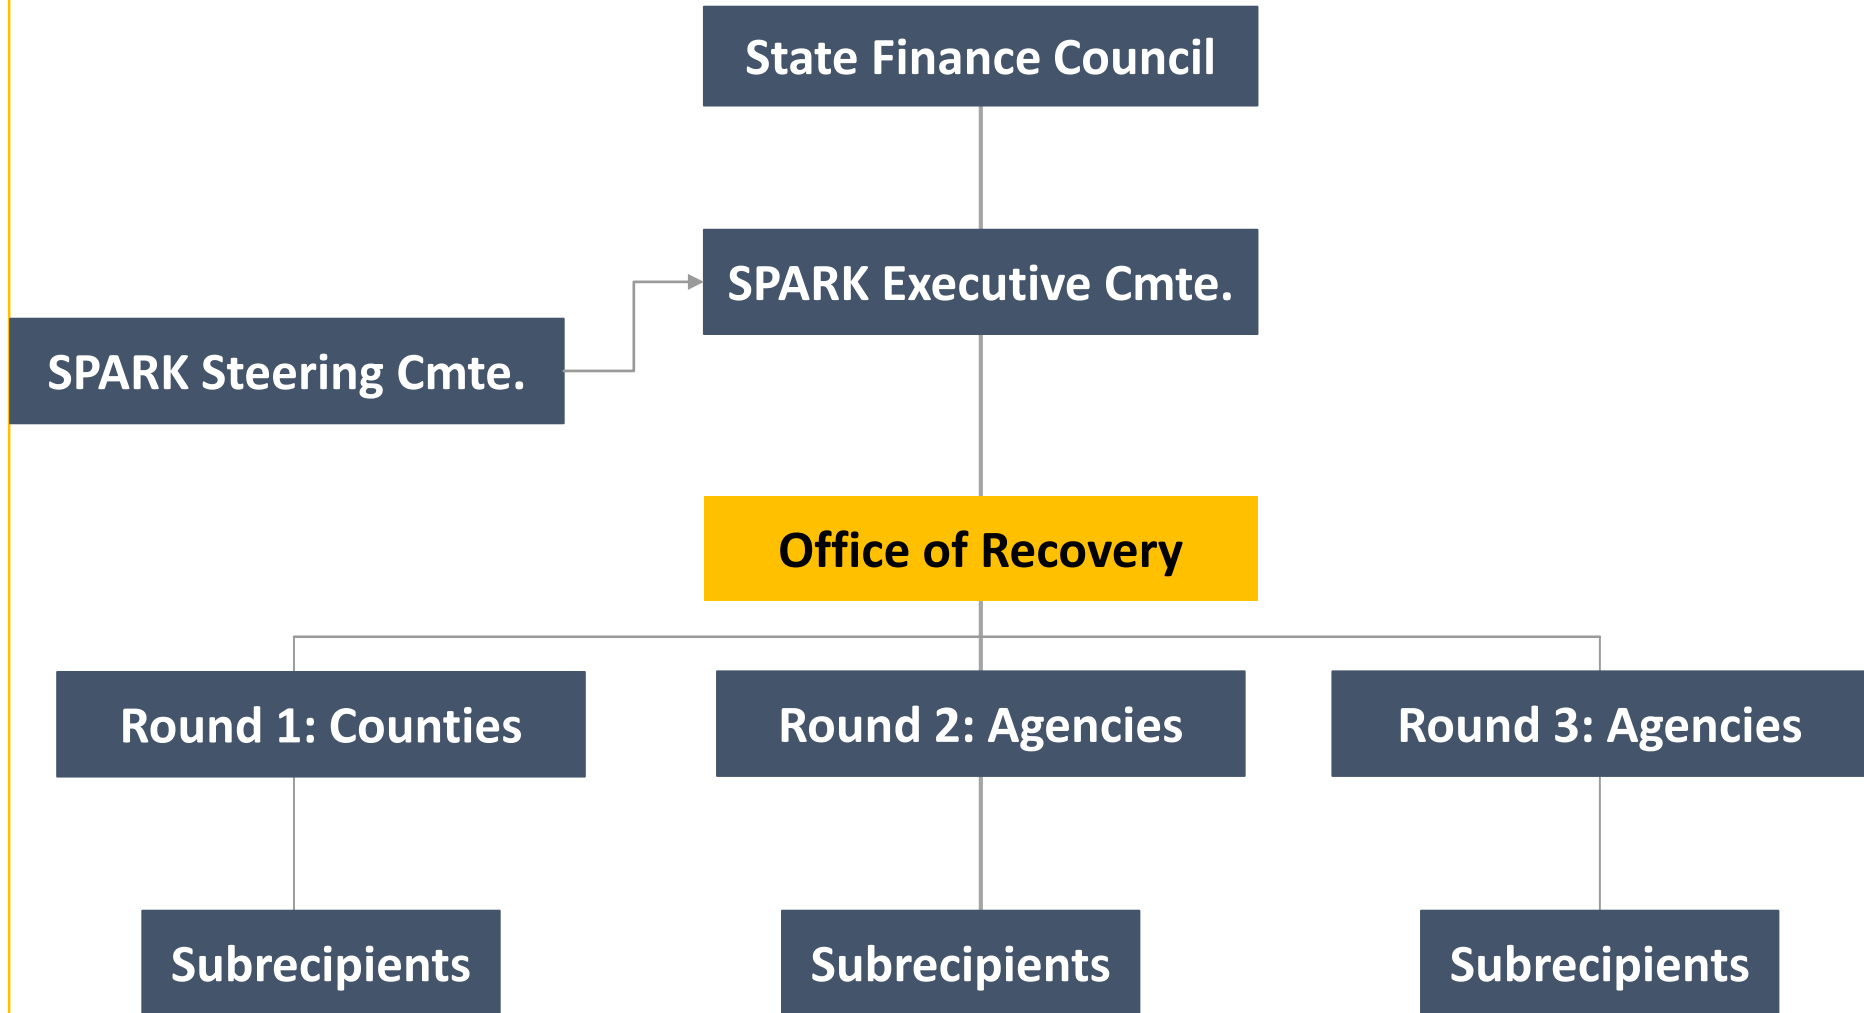

Missouri: Governor created a working group of government and legislative officials to serve as advisory body

Oklahoma: Governor established CARES FORWARD team of Cabinet Secretaries and public employees to oversee process. Legislature requires daily online reports of expenditures

No business or community leaders involved in the processes

County funding formula overview: \$400M Total Distributed

\$350 M
FAIR

- All counties receive their portions of funds based on population.

\$194 per person in each county

(Same as Johnson & Sedgwick received directly)

\$50 M
IMPACT FUND

- All counties evaluated.
- Shares determined by COVID & unemployment rates
- Counties with higher-than-average rates receive more funds

Amounts vary per county

(Johnson & Sedgwick received impact funds)

Tailored approach was fitting for Kansas' variance of needs
