

February 15, 2019

The Honorable Dan Kerschen, Chairperson
Senate Committee on Agriculture and Natural Resources
Statehouse, Room 225-E
Topeka, Kansas 66612

Dear Senator Kerschen:

SUBJECT: Fiscal Note for SB 110 by Senator Holland

In accordance with KSA 75-3715a, the following fiscal note concerning SB 110 is respectfully submitted to your committee.

SB 110 would require the Kansas Department of Health and Environment and the Kansas Department of Agriculture to extend a request for proposal to contract with an independent not-for-profit organization to evaluate the human health effects of large scale poultry farms and poultry slaughter facilities. The evaluation must include recommendations to mitigate human health risks which are required to be reported to the Senate Standing Committee on Agriculture and Natural Resources and the House Standing Committee on Agriculture on or before February 1, 2020.

Estimated State Fiscal Effect				
	FY 2019 SGF	FY 2019 All Funds	FY 2020 SGF	FY 2020 All Funds
Revenue	--	--	--	--
Expenditure	--	--	\$300,000	\$300,000
FTE Pos.	--	--	--	--

According to the Kansas Department of Health and Environment and the Kansas Department of Agriculture, enactment of SB 110 would have no direct effect on routine operating expenses for the agencies. It is estimated that the cost of the study would be \$300,000 to be split between the two agencies. No revenue is associated with the bill, so the funding for the study

would be requested from the State General Fund. Any fiscal effect associated with SB 110 is not reflected in *The FY 2020 Governor's Budget Report*.

Sincerely,

A handwritten signature in black ink that reads "L. L. Campbell". The signature is written in a cursive style with a large, sweeping initial "L".

Larry L. Campbell
Division of the Budget
