

2020 Kansas Statutes

9-1121. Reproduction of records and papers; evidence. Any bank or trust company or savings and loan associations may cause any or all records, files, instruments, documents, or papers of any kind at any time in its custody, possession, or files to be reproduced by a nonerasable optical image reproduction provided that additions, deletions or changes to the original document are not permitted by the technology, or a photostatic, microfilm, microcard, miniature photographic or other photographic process. Any reproduction so made shall have the same force and effect as the original thereof, and shall be admitted in evidence before any court or governmental commission, bureau, agency, or department equally with the original, and without the necessity of proving inability to produce the original thereof.
