

2020 Kansas Statutes

25-4408. Same; storage, repair, delivery to voting places and return to storage. The board of county commissioners shall provide for the storage of electronic or electromechanical voting systems. The county election officer shall be in complete charge of the systems, their safekeeping when not in use and keeping them in repair and working order and shall see that they are delivered to the voting places in time for all arrangements to be made and for the systems to be ready for use at the hour of opening the polls. After the election the county election officer shall see that the systems are returned to the place of storage, or are secured for on-site storage.

History: L. 1977, ch. 129, § 8; Jan. 1, 1979.
