48-2803. (KCMJ Art. 57) Effective date of sentences. (a) No forfeiture may extend to any pay accrued before the date on which the sentence is approved by the person acting under K.S.A. 48-2901 and amendments thereto.

(b) Any period of confinement included in a sentence of a court-martial begins to run from the date the sentence is adjudged by the court-martial but periods during which the sentence to confinement is suspended or deferred shall be excluded in computing the service of the term of confinement. Regulations prescribed by the governor may provide that sentences of confinement may not be executed until approved by designated officers.

(c) All other sentences of courts-martial are effective on the date ordered executed.

(d) On application by an accused who is under sentence to confinement that has not been ordered executed, the convening authority or, if the accused is no longer under the convening authority's jurisdiction, the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned, may in sole discretion defer service of the sentence to confinement. The deferment shall terminate when the sentence is ordered executed. The deferment may be rescinded at any time by the officer who granted it or, if the accused is no longer under the officer's jurisdiction, by the officer exercising general court-martial jurisdiction over the command to which the accused is currently assigned.
