

2020 Kansas Statutes

65-4502. Powers and duties of the secretary; establishment of certification program. In addition to other powers and duties the secretary shall: (a) Establish and carry out the certification program;

- (b) Recommend classification of water supply systems and wastewater treatment facilities;
- (c) Examine the qualifications of applicants for certification;
- (d) Collect and deposit fees;
- (e) Maintain records of operator qualifications and certification, and maintain a register of certified operators;
- (f) Maintain records of the classification of water supply systems and wastewater treatment facilities; and
- (g) Promote regular training schools, short courses and programs, approve correspondence courses, and recommend, where classroom instruction is required, minimum attendance standards to validate certificates.

History: L. 1975, ch. 510, § 2; July 1.
