

2020 Kansas Statutes

72-527. Agreements to adjust claims. The boards of education of the receiving district and of the giving district may enter into a written agreement, which shall include the provisions of K.S.A. 72-256 and 72-258, and may further provide for an adjustment of the claims of the respective school districts. Such agreement may also provide for the disposition to be made of movable personal property and may determine the amount due from one district to the other. No such agreement shall be valid or effective until a copy thereof has been filed with the state board and approved in writing by it.
