

Hunter Larkin
Mayor of Goddard Kansas
Proponent

As the Mayor of a growing town with a STAR bond project, I am so thankful that we have a program in Kansas that allows communities to build amazing attractions like we have in Goddard. The development that we have coming in Goddard provides full sized Olympic swimming pools with splash pads and other water features, five all turf baseball fields, a Genius Health Club, hotel, and a daycare facility. A complex like this is going to benefit the City of Goddard tremendously. The sheer volume of people that will be coming in and out of Goddard is something that our community has never seen before. This high volume of visitors will definitely help further commercial and residential development and create a much more attractive city to live in. The few questions that I have are in regard to the accountability and transparency of STAR bonds. I appreciate the opportunity to ask questions and look forward to hearing your answers.

Thanks,

A handwritten signature in black ink, reading "Hunter Larkin". The signature is written in a cursive, flowing style with a large initial "H".
