

Rep. Croft and Sen: Masterson:

Please vote for the United redistricting map proposed by Sen. Sykes. Ad Astra is blatantly political and racial gerrymandering. Just because you can pass Ad Astra doesn't make it right. When did you stop caring what is right? I attended and spoke at a hearing on redistricting. The message from the hearings was clear: no political or racial gerrymandering. You are supposed to represent the people and listen to us.
