

State Employee Health Benefits Plan Data Warehouse

Josh White, Chief Information Officer, Department of Administration

State Employee Health Benefits Plan - Data Warehouse

The planned project includes new data warehouse, dedicated to the state health plan and workers compensation

The de-identified data in the Data Warehouse will be specific to specific to the business reporting needs of SEHBP.

Currently the project is in the early planning phase

SEHBP anticipates having the RFP posted within the next few weeks.

Estimated completion date, Fall of 2023
