In my small business every dollar counts and cash flow is of utmost importance. We budget for so many different taxes at local and state levels that having to foot the bill for sales taxes that has not yet been collected is just one more thing to add to our expenses. Its an unneeded burden that we face as business owners by not only having to "guess" what we owe, but also having to pay early.

Need more than that? I'd be happy to add more if needed.

Thanks,
Darcy
