Testimony for Committee Members:

SB 390 provides that the Secretary of State and local election officers shall create an affidavit signed by election workers on their handling of completed ballots in an election.

This action will assure that election workers certify by signing the affidavit that they have recorded, handled, reviewed the validity of and saved as categorized each ballot in the election at each polling location. The goal is to make sure that only legal votes are counted in every election and that election workers must attest under oath in the affidavit to the proper handling of each ballot per election procedures and state law. This will add a layer of certification to the integrity of the election results and work to restore trust in them by the voters.
