

Regarding SB 391: written testimony only, proponent

Respected Committee members,

I am in support of this bill in that it takes an active step in addressing improvements in our voting process.

This particular bill concerns stating the number of years an incumbent running for office has held that specific office; this needs to be printed with the candidate's name *on the ballot*.

The provision in this bill is a provision I would support.

Thank you so much for your time.

Sincerely,

Jill O'Connor
