

In Support of SB 212

Abby Swygard
Olathe, Johnson County, KS
Senate District: 23

March 16, 2021

Chairman Hilderbrand and Senate Public Health and Welfare Committee Members:

Honorable Senators:

I am writing to encourage your support of SB 212. It is in the interest of the health of Kansans to specifically list the vaccinations required and limit the schedule to prevent unvetted additions to this list of vaccines, which is what this bill does.

I have grave concerns in general about the efficacy of vaccines, the exponential increase of requirements for vaccinations, and specifically the illogical and unconscionable push to administer the covid vaccines, which have been rushed unwisely through the testing process.

We have recently and poignantly seen and suffered under far too many singlehanded health decisions. This is a necessary check to the power of the Kansas Health Department. SB 212 is an urgent safeguard that we need in place. Thank you for your service to the people of Kansas. We ask daily for God to give you wisdom to carry out your work.

Sincerely,
Abby Swygard
