Gary Deeter
Kansas House of Representatives

Dear Mr. Deeter:

This letter is to inform you that we are opposed to the establishment the 30 X30 initiative & the Kansas Nebraska Heritage Area Partnership (KNHAP). Private Property is a basic right under the Constitution of the United States of America.

These laws/regulations would either take our private land or re-zone our land and determine if & how we farm our land, if & how we manage our livestock, if & how we live in our country ranches & homes. This will essentially take away our freedom to make a living, all the while demanding that we continue to pay our ever-increasing taxes. This will lead to bankruptcy, loss of population, and ultimately loss of local, county, & state revenue that the NHA proponents are desiring.

Please hear our voice as land owners and tax payers
