24 *Be it enacted by the Legislature of the State of Kansas:*

25 New Section 1. (a) The governor shall be responsible for meeting the
26 dangers to the state and people presented by public health disasters. The
27 governor's primary responsibilities during a public health disaster are to
28 provide guidance to the public and to industry, direct state emergency
29 operations and to seek and distribute funding and assistance to those
30 responding to the disaster.

31 (b) (1) The governor, upon finding that a public health disaster has
32 occurred or that occurrence or the threat thereof is imminent, may issue a
33 proclamation declaring a state of public health disaster emergency as
34 provided in this section.

35 (2) The state of public health disaster emergency so declared shall
36 continue until the governor finds that the threat or danger of a public

1 health disaster has passed or the public health disaster has been dealt with
2 to the extent that emergency conditions no longer exist. Upon making such
3 findings, the governor shall terminate the state of public health disaster
4 emergency by proclamation. Except as provided in paragraph (3), no state
5 of public health disaster emergency may continue for longer than 15 days
6 unless ratified by concurrent resolution of the legislature.

7 (3) When the legislature is not in session or is adjourned during
8 session for three or more days, and upon specific application by the
9 governor to the joint committee on emergency management established by
10 section 2, and amendments thereto, and an affirmative vote of a majority
11 of the joint committee, a state of public health disaster emergency may be
12 extended for specified periods not to exceed 30 days each.

13 (4) At any time, the legislature, by concurrent resolution, may require
14 the governor to terminate a state of public health disaster emergency. Upon
15 such action by the legislature, the governor shall issue a proclamation
16 terminating the state of public health disaster emergency.

17 (5) (A) The governor shall not issue a proclamation declaring a state
18 of public health disaster emergency for the same or similar public health
19 disaster if:

20 (i) The legislature did not ratify and continue the original state of
21 public health disaster emergency declaration;

22 (ii) the joint committee on emergency management did not continue
23 or extend the original state of public health disaster emergency declaration;
24 or

25 (iii) the legislature by concurrent resolution required the governor to
26 terminate the original state of public health disaster emergency declaration.

27 (B) For the purposes of this subsection, a public health disaster is the
28 same or similar if such disaster is based on the same or similar infectious
29 or contagious disease or outbreak named in the original state of public
30 health disaster emergency declaration. A public health disaster is not the
31 same or similar if such disaster is based on a:

32 (i) New or more virulent strain of the disease named in the original
33 state of public health disaster emergency declaration;

34 (ii) subsequent outbreak of the disease named in the original state of
35 public health disaster emergency declaration; or

36 (iii) new mode or means of transmission of such disease not
37 identified in the original state of public health disaster emergency
38 declaration.

39 (6) Any proclamation declaring or terminating a state of public health
40 disaster emergency issued under this section shall indicate the nature of the
41 public health disaster, the area or areas of the state threatened or affected
42 by the disaster and the conditions that have brought about, or that make
43 possible the termination of, the state of public health disaster emergency.

1 When indicating the nature of the public health disaster, the proclamation
2 shall include, but is not limited to, the name of the disease and any known
3 means of transmission for such disease. Each such proclamation shall be
4 disseminated promptly by means calculated to bring its contents to the
5 attention of the general public and, unless the circumstances attendant
6 upon the disaster prevent such action, each such proclamation shall be
7 filed promptly with the division of emergency management, the office of
8 the secretary of state, the chief justice of the supreme court and each city
9 clerk, county clerk and board of education of a school district, as the case
10 may be, in the area or areas of the state to which such proclamation
11 applies.

12 (c) In the event of the absence of the governor from the state or the
13 existence of any constitutional disability of the governor, an officer
14 specified in K.S.A. 48-1204, and amendments thereto, in the order of
15 succession provided by that section, may issue a proclamation declaring a
16 state of public health disaster emergency in the manner provided in and
17 subject to the provisions of subsection (b). During a state of public health
18 disaster emergency declared pursuant to this subsection, such officer may
19 exercise the powers conferred upon the governor by this section. If a
20 preceding officer in the order of succession becomes able and available,
21 the authority of the officer exercising such powers shall terminate and such
22 powers shall be conferred upon the preceding officer. Upon the return of
23 the governor to the state or the removal of the constitutional disability of
24 the governor, the authority of an officer to exercise the powers conferred
25 by this section shall terminate immediately and the governor shall resume
26 the full powers of the office. Any such state of public health disaster
27 emergency and any actions taken by an officer under this subsection shall
28 continue and shall have full force and effect as authorized by law unless
29 modified or terminated in the manner prescribed by law.

30 (d) A proclamation declaring a state of public health disaster
31 emergency under this section shall activate the disaster response and
32 recovery aspects of the state disaster emergency plan and of any local and
33 interjurisdictional disaster plans applicable to the area or areas of the state
34 and any political subdivisions thereof affected by the proclamation. Such
35 proclamation shall constitute the authority necessary for the deployment
36 and use of any forces to which the plan or plans apply and for use or
37 distribution of any supplies, equipment, materials or facilities assembled,
38 stockpiled or arranged to be made available pursuant to the Kansas
39 emergency management act during a disaster.

40 (e) (1) The governor may issue executive orders to exercise the
41 powers conferred by subsection (f) during the period of a state of public
42 health disaster emergency declared under this section.

43 (2) Prior to issuing an executive order under this section, the

1 governor shall submit the proposed executive order to the attorney general
2 for review. The attorney general shall consider whether the proposed
3 executive order is consistent with all statutory and constitutional
4 restrictions, including, but not limited to, K.S.A. 48-923, and amendments
5 thereto, meets the requirements of this section, identifies a specific and
6 valid source of legal authority for the proposed actions and, if such order
7 affects more than one county, whether such order is narrowly tailored to
8 conditions in individual counties or provides specific reasons such order is
9 not narrowly tailored to such conditions. The attorney general shall
10 provide an opinion to the governor within 24 hours of receipt of the
11 proposed executive order. The opinion shall be published on the attorney
12 general's website and shall become an attachment to the proposed
13 executive order.

14 (3) At the same time the proposed executive order is submitted to the
15 attorney general pursuant to paragraph (2), the governor shall submit such
16 order to the chairperson and vice chairperson of the joint committee on
17 emergency management established by section 2, and amendments thereto.
18 Not less than 24 hours after receipt of the proposed executive order, or at
19 any time after the attorney general provides an opinion on such order if the
20 attorney general completes such review in less than 24 hours, the
21 chairperson of the joint committee shall call a meeting of the joint
22 committee for the purposes of reviewing such order. The governor may
23 issue the proposed executive order if such order is approved by an
24 affirmative vote of a majority of the joint committee. The proposed
25 executive order shall not be issued and shall be null and void if such order
26 fails to receive an affirmative vote of a majority of the joint committee.

27 (4) Executive orders issued under this section:

28 (A) Shall be null and void after the period of a state of public health
29 disaster emergency declared under this section has ended; and

30 (B) may be revoked at any time by concurrent resolution of the
31 legislature.

32 (f) During a state of public health disaster emergency declared under
33 this section, in addition to any other powers conferred upon the governor
34 by law and subject to the provisions of this section, the governor may:

35 (1) Modify the provisions of any order, policy or rule and regulation
36 of any state agency prescribing the procedures for conduct of state
37 business if strict compliance with the provisions of such order, policy or
38 rule and regulation would prevent or delay the necessary action in coping
39 with the disaster;

40 (2) utilize all available resources of the state government and of each
41 political subdivision as reasonably necessary to cope with the disaster;

42 (3) transfer the supervision, personnel or functions of state
43 departments and agencies or units thereof for the purpose of performing or

1 facilitating emergency management activities;

2 (4) subject to any applicable requirements for compensation under
3 K.S.A. 48-933, and amendments thereto, commandeer or utilize any
4 private property if the governor finds such action necessary to cope with
5 the disaster; and

6 (5) facilitate the cooperation and assistance of state and local
7 governmental agencies and officials.

8 (g) (1) The governor shall exercise the powers conferred by
9 subsection (f) by issuance of executive orders under subsection (e).

10 (2) Each executive order issued pursuant to the authority granted by
11 subsection (e) shall specify the provision or provisions of subsection (f) by
12 specific reference to each paragraph of subsection (f) that confers the
13 power under which such order was issued. Each executive order issued
14 pursuant to other legal authority shall specify the source of such authority.

15 (3) Each executive order issued pursuant to the authority granted by
16 subsection (e) that modifies the provisions of any order, policy or rule and
17 regulation shall specify the order, policy or rule and regulation being
18 modified in such order. Any such modification shall be consistent with the
19 statutory section or sections implemented or interpreted by such order,
20 policy or rule and regulation and the authority pursuant to which such
21 order, policy or rule and regulation, or any part thereof, was adopted.

22 (4) If an executive order affects more than one county, such order
23 shall be narrowly tailored to conditions in individual counties or provide
24 specific reasons such order is not narrowly tailored to such conditions.

25 (5) The adjutant general, subject to the direction of the governor, shall
26 administer such orders.

27 (h) (1) The board of county commissioners of any county may issue
28 an order relating to public health that includes provisions that are less
29 stringent than the provisions of an executive order issued by the governor
30 under this section that affects more than one county. Any board of county
31 commissioners issuing such an order shall make the following findings
32 and include such findings in the order:

33 (A) The board has consulted with such board's local health officer or
34 other local health officials regarding the governor's executive order;

35 (B) following such consultation, has determined that implementation
36 of the full scope of the provisions in the governor's executive order are not
37 necessary to protect the public health and safety of the county; and

38 (C) all other relevant findings to support the board's decision.

39 (2) If the board of county commissioners of a county issues an order
40 pursuant to paragraph (1), such order shall operate in the county in lieu of
41 the governor's executive order.

42 (i) This section shall be a part of and supplemental to the Kansas
43 emergency management act.

4 (A) Substantially burdens or inhibits the gathering or movement of
5 individuals or operation of any religious, civic, business or commercial
6 activity, whether for-profit or not-for-profit, unless such order includes

42 body of a city to appoint a city health officer or to change the powers,
43 duties and functions of any such city health officer, except as provided by

1 this section.

2 (e) As used in this section, the term "accepted scientific" means
3 methods of control employed and intended to remediate infectious,
4 contagious or communicable disease that are acknowledged as effective by
5 high-quality scientific data that includes systematic reviews of completed,
6 high-quality, randomized controlled trials.

12 commissioners under K.S.A. 65-201 or 65-202, and amendments thereto,
13 may contest such order by requesting a hearing in the district court of the
14 county where the order was issued or in which the person resides.

15 (3) A person aggrieved by an action taken or an order issued by the
16 secretary of health and environment under K.S.A. 65-101(a)(5), and
17 amendments thereto, may contest such action or order by requesting a

21 adopted by the board of education of a school district as described in
22 section 5, and amendments thereto, or by the governing body of a
23 community college or technical college as described in section 6, and
24 amendments thereto, may contest such action, order or policy by

26 district or college is located or in which the person resides.

27 (b) A request for a hearing under this section shall be made through
28 an action brought under chapter 60 of the Kansas Statutes Annotated, and
29 amendments thereto. Such request shall not stay or enjoin the contested
30 action, order or policy.

40 hearing and related court proceedings when the chief justice determines
41 such action is necessary.

42 (d) The district court shall grant the request for relief made by the
43 aggrieved party unless by a showing of clear and convincing evidence the

1 contested action, order or policy of the governmental entity was necessary,
2 reasonable, supported by accepted scientific practice and intended to
3 remediate or reduce the spread of the infectious or contagious disease. In
4 making such findings, the court shall consider whether the contested
5 action, order or policy of the governmental entity considered the means of
6 transmission of the disease, the communicability of the disease and, to the
7 extent possible, the degree of public exposure to the disease. Relief under
8 this section shall not include any compensation of any kind.

9 (e) As used in this section, the term "accepted scientific" means
10 methods of control employed and intended to remediate infectious,
11 contagious or communicable disease that are acknowledged as effective by
12 high-quality scientific data that includes systematic reviews of completed,
13 high-quality, randomized controlled trials.

15 emergency declared by the governor pursuant to section 1, and
16 amendments thereto, only the board of education of a school district shall
17 have the authority to take any action, issue any order or adopt any policy
18 that affects the operation of any school or attendance center of such school
19 district, including, but not limited to, any action, order or policy that:

20 (A) Closes or has the effect of closing any school or attendance center
21 of such school district;

22 (B) authorizes or requires any form of attendance other than full-time,
23 in-person attendance at a school in the school district, including, but not
24 limited to, hybrid or remote learning; or

25 (C) mandates any action by any students or employees of a school
26 district while on school district property.

27 (2) During any such state of public health disaster emergency, the
28 state board of education, the governor, the department of health and
29 environment, a local health officer, a city health officer or any other state
30 or local unit of government may provide guidance, consultation or other
31 assistance to the board of education of a school district but shall not take
32 any action that affects the operation of any school or attendance center of
33 such school district pursuant to paragraph (1).

34 (b) (1) Prior to taking any action, issuing any order or adopting any
35 policy in response to a state of public health disaster emergency as
36 provided in subsection (a)(1), a board of education of a school district shall
37 receive and consider any relevant accepted scientific or health data and
38 shall make evidence-informed decisions. The board shall document the
39 scientific justification the board relied upon in determining whether to take
40 such action, issue such order or adopt such policy. In any determination to
41 take any action, issue any order or adopt any policy, each board of
42 education shall include in any minutes or other documentation of the
43 action taken, such data, evidence, means or justification for the action

1 taken, order issued or policy adopted pursuant to subsection (a)(1) to
2 prevent the introduction or spread of infectious or contagious disease.

3 (2) Any meeting of a board of education of a school district
4 discussing an action, order or policy described in this subsection, including

8 communication when necessary to secure the health and safety of the
9 public, the board and employees.

10 (c) (1) An employee, a student or the parent or guardian of a student
11 aggrieved by an action taken, order issued or policy adopted by the board
12 of education of a school district pursuant to subsection (a)(1), or an action
13 of any employee of a school district violating any such action, order or
14 policy, may request a hearing by such board of education to contest such
15 action, order or policy. Any such request shall not stay or enjoin such
16 action, order or policy.

17 (2) Upon receipt of a request under paragraph (1), the board of
18 education shall conduct a hearing within 72 hours of receiving such
19 request for the purposes of reviewing, amending or revoking such action,
20 order or policy. The board of education may extend the time for a hearing
21 if extraordinary circumstances exist that justify the extension. In making
22 the extension, the board of education shall consider the rights of the
23 aggrieved party, the protection of the public health, the severity of the
24 emergency and the availability, if necessary, of any witnesses and
25 evidence.

26 (3) An employee, a student or the parent or guardian of a student
27 aggrieved by a decision of the board of education under paragraph (2) may
28 request a hearing in a district court in accordance with section 4, and
29 amendments thereto.

30 (d) (1) In any school year in which there is a state of public health
31 disaster emergency declared by the governor pursuant to section 1, and
32 amendments thereto, the board of education of each school district shall
33 provide to the state board of education information regarding any action
34 taken, orders issued or policies adopted to mitigate such emergency and its
35 impact on the operation of any school of the school district. The board of
36 education shall provide such information to the state board in a manner
37 determined by the state board each time the board of education takes such
38 action, issues such orders or adopts such policies.

39 (2) At least once every two weeks in any such school year, the state
