

2012 Kansas Statutes

17-76,122. Same; certification of registration application. (a) If the secretary of state finds that an application for registration conforms to law and all requisite fees have been paid, the secretary of state shall:

(1) Certify that the application has been filed in the secretary of state's office by endorsing upon the original application the word "filed" and the date and hour of the filing, and the endorsement is conclusive of the date and time of its filing in the absence of actual fraud; and

(2) file and index the endorsed application.

(b) The duplicate of the application, similarly certified, shall be returned to the person who filed the application or that person's representative.
