

2012 Kansas Statutes

74-7037. Rules and regulations for control of quality of surveying. The board of technical professions shall adopt rules and regulations prescribing minimum standards for boundary surveys, mortgage title inspection, American land title association surveys, and such other surveys as necessary to control the quality of surveying in the state of Kansas.

History: L. 1988, ch. 307, § 3; July 1.
