

Kansas Attorney General Derek Schmidt

An Overview of Human Trafficking in Kansas with Case Studies

*Christine M. T. Ladner
Assistant Attorney General*

Do we have human trafficking in Kansas?

Human Trafficking

- “Human Trafficking is a **\$32 billion dollar crime industry** world wide, running a close third behind drug and arms dealing according to the conference’s keynote speaker, U.S. Senator Sam Brownback (R-Kan). Each year, between 17,500 and 20,000 men, women and children are trafficked into the United States from more than 48 source countries for purposes of sexual or labor exploitation, according to a report released in June 2007 by the State Department’s Office to Monitor and Combat Trafficking in Persons. But it is no longer just an international problem, Brownback said. The U.S. State Department estimates that **more than 250,000 American citizens and legal residents, most of them children under age 18, are being trafficked within this country.**” Marty Denzler, *Catholic Key Reporter* (April 2010)

Human Trafficking

- What is Human Trafficking?
- Pre-2000, federal law required showing that the victim had been shackled / physically restrained.
- NOW, we have TVPA = Trafficking Victims Protection Act of 2000. Why, how and when did we get this law?

TVPA 2000 § 103

The term “severe forms of trafficking in persons” means: (A) sex trafficking in which a **commercial sex act** is induced by force, fraud, or coercion, or in which the person is <18; or (B) the recruitment, harboring, transportation, provision, or obtaining of a person for **labor or services**, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

Today the U.N. defines as the illegal trade of human beings, of all age groups, through force, fraud or coercion, **for the purposes of commercial sexual exploitation or forced labor.**

TVPA

- Funded many things for international victims of trafficking that we do not have for Kansans.
- Services.
- Criminalized conduct.
- Nongovernmental organizations as victim service providers. Polaris Project. Shared Hope International.

TVPA

- Protection – victim assistance in the US with federally funded health benefits and other services.
- Prosecution – enhanced crimes and penalties.
- Prevention – provides assistance to foreign countries in drafting laws to punish traffickers

TVPA

- Reauthorized in 2003: to combat sex tourism
- Reauthorized in 2005: grant resources for victim services to state and local law enforcement – still the emphasis on international victims
- Reauthorized in 2008: for 4 more years and adds more for child victims
- Reauthorized in 2011? Still pending

Kansas Law - 2005

Jessica's Law

- Offender >18
- Victim <14
- Life with a Hard 25, 40 or life
- Lifetime KORA registration
- Lifetime EMD (if parole board determines)
- Federal Penalties?

Charging

- What is it?
- Charging considerations depend upon quality investigations
- Charges may not be “trafficking”
- Traditional sex crimes and crimes of violence
- Prosecution depends on preservation of **EVIDENCE**. What will happen to these victim/witnesses?

Human Trafficking

- How to prove?
- In past, our options were:
 - “promoting prostitution” under K.S.A. 21-3513; ok, but low level crime.
 - class A misdemeanor if prostitute is > 16
 - SL7PF if prostitute is >16 and it is 2nd offense
 - SL6PF b/t 14 and 16
 - Off Grid if prostitute is <14
 - Conspiracy to commit or aiding and abetting the actual sexual act?

Issues with A & A

- Will the John be a credible, cooperative witness?
- DNA from multiple donors
- # of sex acts

Other Issues

- “secret” world – participants not eager to come forward
- Longer the victim forced to exist in that environment, the poorer historian she may be, especially as to specific acts submitted to. Ex: Elements “on or about . . .”
- Drugs

Human Trafficking

- Today – Aggravated Trafficking, criminalizes **the act of trafficking**, the taking, transporting etc. for the purpose of the illicit act, rather than the illicit act itself (can be a separate charge).
- **Without proof of force, fraud, threat or coercion**
- Some of the other issues remain (secrecy, drugs, transience) but this criminal conduct is far easier to establish than a specific sexual act on a specific day.

Case Studies

- Sedgwick County
- 1. Child from Wichita taken to Dallas, Texas.
- 2. Child from Atlanta, Georgia taken to Wichita
- 3. Child from Wichita working in escort service in Wichita

Dallas

- Mother – addiction issues
- Aunt – takes over as care giver
- V – pregnant by adult male (now in KDOC)
- V (14 yrs) has issues as sole provider for her child
- Conflict w/ Aunt re Child
- Leads to . . . Runaway (recurring theme in these cases)

Dallas

- V on the street
- How to survive? No skills, incomplete education
- Stays w/ acquaintance for short time
- Def approaches her at party
- “What else could I do?”
- She gets in the car

Dallas

- He takes her to apartment in Wichita
- “Visual inspection”
- Within hour of meeting Def – he is driving her down I-35 to Dallas
- Hotel in Dallas
- Told:
 - Prices
 - Don’t come back until you have \$XX.00

And, like that, she was on streets of Dallas

Dallas

- Dallas cop who was paying attention (recurring theme)
- “What are you doing here?”
- He did not stop at her initial resistance

- A: Yes

Dallas

- Expert witnesses on prostitution
- LETOT and the Dallas Junior League
- Expertise on interviewing victims

Appellate Review

- Affirmed by COA on 7-8-11
- Statute is NOT overbroad.
- Statute is NOT vague.
- Statute is NOT identical to promoting prost.

BUT

- Petition for Review granted 3-9-12.

Judge Pierron - COA

“Agg. HT is “clearly aimed at preventing the exploitation of minor children. The statute only applies where the offender knows that a child will be used to engage in forced labor, involuntary servitude, or sexual gratification of the offender or another. **The State has a compelling interest in the well-being of its children and in the exercise of its police powers may enact legislation to protect children from adult predators.**”

- State could have charged promoting prostitution, but could also proceed under this statute, or have charged both.

Human Trafficking - Recognition

- Recognition of trafficking victim. There is no silver bullet but look for the following:
- Children
 - Uncooperative at initial contact
 - No access to personal information
 - “I don’t know my phone #, address, no parents or guardian.”
 - Completely adult controlled by nonrelative.
 - Truant. Not enrolled at all.
 - Runaway. (Check with EMCU, computer data)
 - Prostitution.
 - Will not give Hx, only boyfriend gives hx.

Human Trafficking - Recognition

- Children: uncooperative to initial contact; no access to personal information (not know ph #, address); no freedom of any kind – controlled by adult entirely; not in school; non-English speaking; prostitution; will not speak on own behalf; older “boyfriend”; RUNAWAYS (one of biggest risk factors) and
- Adults – long work hours; sleeping at work; unable to speak for themselves; non-English

What to watch for

- TRAC phones (pimp's best friend as it serves as his GPS monitor & the sword over her head, without a trace).
- Facts of initial disclosure? How did she come to your attention?
- ER
- Manager of a Kwik Shop
- It takes 1 person
