SB 80 Grand Juries.

Mr. Chairman and Committee Members,

I am writing testimony for the above mentioned bill. I would ask you to support and vote yes on SB 80 Grand Juries. Grand Juries have been all but extinct since the 1960's and certainly most if not all of their powers have been stripped from them.

Grand Juries serve as a valuable tool to our society, and clearly provide a mechanism within our system to create a checks and balances across the board for our citizens. I would hope that you would recognize and support any and all changes to enhancing this process for Kansans.

Thank you for supporting good common sense legislation.

Respectfully Submitted,

A handwritten signature in cursive script that reads "Christopher KB". The letters are fluid and connected, with a prominent "C" and "B".
