Davis Funeral Chapel, Inc.
531 Shawnee St.
Leavenworth, KS 66048

To Whom It May Concern;

It has been brought to our attention by numerous families that we have made funeral arrangements with that they are very displeased with the fact that they cannot sign for their own cremation.

They do not understand why they have the right to plan and sign for their own in ground burial but have no control over their own cremation wishes.

The Davis Funeral Chapel established in 1855 has been listed as the oldest business in Kansas and still own and operated by the Davis Family. Mr. Davis T. Moulden , the 6th generation of the family business is currently running the funeral chapel . We have sat with many families who wish to make pre-need plans on themselves and want to be cremated and do not want anyone else interfering with their decision to be cremated. They feel that it is their right and personal choice and that no one should have anything to say about it.

Davis T. Moulden, Funeral Director
