

MINUTES OF THE HOUSE EDUCATION COMMITTEE

The meeting was called to order by Chairman Clay Aurand at 9:00 a.m. on March 2, 2010, in Room 711 of the Docking State Office Building.

All members were present except:  
Representative Melvin Neufeld- excused

Committee staff present:  
Theresa Kiernan, Office of the Revisor of Statutes  
Sharon Wenger, Kansas Legislative Research Department  
Amanda Nguyen, Kansas Legislative Research Department  
Dale Dennis, Kansas State Department of Education  
Janet Henning, Committee Assistant

Conferees appearing before the Committee:  
Dr. Reginald Robinson, President and CEO, Kansas Board of Regents  
Doug Mays, Bridgepoint Education, Inc.  
Laurel Murdie, Principal Auditor, Kansas Legislative Post Audit

Chairman Aurand told Committee members that he was going to continue to schedule various committee members to "Chair" the Education Committee similar to the "Committee of the Whole" in the House chambers. Chairman Aurand stated this would again be done on a seniority basis and would continue from the previous year by designating Representative Bill Otto as the "Acting Chairman".

**HB 2704 - School districts; low enrollment weighting in districts have an area of less than 200 square miles**

Acting Chairman Otto gave an explanation and distributed handout material which included a balloon amendment he will offer if the Committee decides to work **HB 2704**. (Attachments 1, 2, 3, and 4)

**SB 485 - Private and out-of-state postsecondary educational institution act; state board of regents, powers; reporting requirements; penalties; student complaints**

Dr. Reginald Robinson, President and CEO, Kansas Board of Regents, spoke to Committee members in support of **SB 485**. Dr. Robinson told Committee members this bill proposes revisions to the statutes that the Board of Regents implements through its Private Postsecondary Division. He told Committee members the Division's principal responsibility is to regulate private postsecondary sector institutions. The regulation involves activities of authorizing private or out-of-state postsecondary institutions to operate in Kansas, reviewing new programs offered by these schools, annually evaluating institutions and programs for renewal purposes, and investigating complaints leveled against these schools.

Dr. Robinson told Committee members the proposed revisions would amend Private Postsecondary statutes by:

- Requiring the review of branch locations in Kansas
- Changing the application and renewal time frames
- Clarifying the types of degrees that require certificates of approval
- Providing for greater penalties for violations of the Private Postsecondary Act
- Requiring data to be reported by regulated institutions
- Requiring the schools to post their student complaint process
- Revising the fee structure

Dr. Robinson stated the requested fee changes would add new categories and increase the

Minutes of the House Education Committee at 9:00 a.m. on March 2, 2010, in Room 711 of the Docking State Office Building.

maximum amounts that may be charged with those individual categories. He told Committee members the Private Postsecondary Division currently employs two individuals. The current workload for that division has required the Division to engage temporary staff assistance throughout most of the year. If this legislation is enacted, the Division expects to add an additional three employees over the next five years.

Dr. Robinson told Committee members the implementation of the proposed fee changes will enable the Division to operate on a business model, tracking all costs to operate, and setting fees at a level that will cover those costs and eliminate the current reliance on State General Funds to cover both direct and indirect costs. (Attachment 5)

Doug Mays, Bridgepoint Education, Inc spoke to Committee members as a proponent of **SB 485**. Mr. Mays told Committee members the bill gives the Board of Regents regulatory authority to maintain the quality of education Kansans deserve.

A question and answer session followed the presentation.

Acting Chairman Otto closed the hearing on **SB 485**.

**K-12 Education: Reviewing Issues Related to Catastrophic Funding for Special Education**

Laurel Murdie, Principal Auditor, Kansas Legislative Post Audit (LPA), gave an overview of the Legislative Post Audit report entitled **K-12 Education: Reviewing Issues Related to Catastrophic Funding for Special Education**.

Ms. Murdie told Committee members the 2010 Commission members became concerned about the recent dramatic increases in special education catastrophic aid claims. Specifically, they were concerned that districts may not have been including the same types of costs when applying for catastrophic aid and wanted to know what might happen to catastrophic claims if the law isn't changed.

Ms. Murdie told Committee members the question was asked: "Why has the number of "catastrophic" special education claims increased in recent years and how many claims are likely over the next several years?" The audit answer and key findings were:

- Claims submitted to cover the "catastrophic" costs for very expensive special education students jumped from 276 to 758 between 2008 and 2009 and catastrophic aid jumped from \$6 million to \$12 million.
- Districts submitted claims only for their very expensive students who required full-time teachers, expensive contracted services, etc. The big increase in 2009 occurred mostly because the Shawnee Mission school district decided to prorate costs for all its special education students, even its less expensive ones. In recent years, several other large districts also began prorating costs for their most expensive students.
- If the law doesn't change for 2009-10 and if all districts and cooperatives were to follow Shawnee Mission's practice of prorating costs and submitting all the claims they could, LPA estimated claims would jump to 5,500 and aid to nearly \$48 million for 2009-10. The worst cast scenario represents a 625% increase over the claims filed in 2008-09.
- Proposed changes to the requirements for qualifying for catastrophic aid - including

CONTINUATION SHEET

Minutes of the House Education Committee at 9:00 a.m. on March 2, 2010, in Room 711 of the Docking State Office Building.

raising the threshold for qualifying, and requiring districts to deduct the State special education aid they already receive when calculating catastrophic costs, would reduce catastrophic aid claims significantly.

Legislative Post Audit recommended the Legislature increase the \$25,000 threshold amount, adjust it for inflation in the future, and require districts and cooperatives to deduct the State special education aid they've already received for a student (transportation and teacher aid) when calculating costs for catastrophic aid. (On file - Legislative Division of Post Audit, October 2009) (Attachments 6 and 7)

A question and answer followed the presentation.

The meeting was adjourned at 10:40 a.m. The next meeting is scheduled for March 3, 2010.

What I would like to do with HB 2704.

#1 Keep the part that allows more than two districts to consolidate.

#2 Accept the fact that there is a level that it becomes very expensive to operate a school district, However 400 students is a bad level. When we look at schools larger than 200 and less than 400 I see many schools that spend less per student than other schools. Many schools in this size range are actually below the average cost per student. When we get to below 200 students then it is a different matter with \$17,000 or more as common. When faced with the facts I can see a reason for not increasing per student funding below 200 students. I do not see square miles as a factor either because districts that are smaller are often close to neighbors that are small and are taking advantage of cooperative programs to keep costs down, but for the sake of education it gets harder to keep a quality education program going below that level. So I would eliminate the 200 square miles and drop the 400 students to 200 students.

#3. We should find a way to fund schools at a level that will not raise taxes on the average person in Kansas and do it with a pot of money from persons that have been enjoying a level of property tax that would shock many. Property tax rates now range from less than 25 mills to just a little over 50 mills, and this only includes general fund and LOB. My proposal will give us a tax rate from 35 mills to a high of 47 mills and will result in the average Kansas taxpayer paying nothing more. The 38 districts below 35 mills now will pay more, and most are very rich and can afford to pay more. Well over 100 districts would get a tax cut with several more districts that could give a tax cut if their local board chose to. We have no more general fund money to give to schools to allow tax cuts for rich school districts. By raising the state wide mill levy from 20 to 35 mills, increasing the equalization rate from 80% to 90% this can be a huge benefit to the state.

#4 Raise the base to the statute level of \$4,492, so that we can stay out of court. And cut the maximum LOB to 22%

#5 The problem with my plan is that some schools will not be able to spend next year, what they spent last year. I HAVE NOT allowed for this on my print out, it only covers points 2, 3, & 4. I would then allow schools who could not spend what they did this year to have an un-equalized LOB cap of 3% more. This will help both the big spending larger districts and the big spending small schools. The first year I would allow it with just board action, but after that to keep it would require resolution, subject to protest and possible election.

#6 This proposal solves full funding of schools, without a general tax increase, and does not draw down any more on the State General Fund. Win, Win, Win. The important columns are #9 that is how much more a district could spend over this year and #17 a negative number shows taxes going down. If you look at USD 256 Moran you might think they will spend the \$280,421 more, but to get it they would raise taxes 8.61 mills, because they have never maxed their LOB in the past do not think they will now either. Look at Parsons for 2.3 mills taxes could spend over a half million, my guess no tax increase.

*Bill Otto*

### COLUMN EXPLANATION

- Column 1 -- September 20, 2009 FTE enrollment
- 2 -- 2009-10 Estimated computed general fund budget at \$4,012
- 3 -- 2009-10 Estimated revised computed general fund budget at \$4,492
- 4 -- 2009-10 Estimated general fund budget increase
- 5 -- 2009-10 Estimated adopted local option budget
- 6 -- 2009-10 Estimated revised local option budget at 22 percent of general fund
- 7 -- 2009-10 Local option budget or revised amount whichever is lower  
(Column 5 or 6)
- 8 -- 2009-10 Estimated decrease in local option budget authority  
(Column 7 - 5)
- 9 -- 2009-10 Estimated increase in spending authority (Column 4 - 8)
- 10 -- 2009-10 Estimated local option budget state aid revised—90.3% equalized
- 11 -- 2009-10 Estimated general fund mill rate
- 12 -- 2009-10 Estimated local option budget mill rate
- 13 -- 2009-10 Estimated total mill rate (Column 11 + 12)
- 14 -- 2009-10 Proposed general fund mill rate
- 15 -- 2009-10 Proposed local option budget mill rate
- 16 -- 2009-10 Proposed total mill rate (Column 14 + 15)
- 17 -- Difference (Column 16 - 13)

HOUSE BILL No. 2704

By Committee on Appropriations

2-18

9 AN ACT concerning school districts; relating to school finance; relating  
10 to consolidation; amending K.S.A. 2009 Supp. 72-6412 and 72-8701  
11 and repealing the existing sections.

, 72-6415b, 72-6431, 72-6433, 72-6434, 72-6435,  
72-6449, 72-6451

13 *Be it enacted by the Legislature of the State of Kansas:*

14 Section 1. K.S.A. 2009 Supp. 72-6412 is hereby amended to read as  
15 follows: 72-6412. ~~(a) The low enrollment weighting of districts which are~~  
16 ~~at least 200 square miles in area shall be determined by the state board~~  
17 ~~as provided by this section subsection.~~

section

18 ~~(b) (1) For districts with enrollment of 1,637 or more in school year~~  
19 ~~2006-2007, and 1,622 or more in school year 2007-2008 and each school~~  
20 ~~year thereafter 1,622 or more, the low enrollment weighting shall be 0.~~

[Reletter and renumber paragraphs]

21 ~~(c) (2) For districts with enrollment of less than 100, the low enroll-~~  
22 ~~ment weighting shall be equal to the low enrollment weighting of a district~~  
23 ~~with enrollment of 100.~~

24 ~~(d) (3) For districts with enrollment of less than 1,637 in school year~~  
25 ~~2006-2007 and less than 1,622 in school year 2007-2008 and each school~~  
26 ~~year thereafter 1,622 and more than 99, the low enrollment weighting~~  
27 ~~shall be determined by the state board as follows:~~

28 ~~(1) (A) Determine the low enrollment weighting for such districts for~~  
29 ~~school year 2004-2005;~~

30 ~~(2) (B) multiply the low enrollment weighting of each district deter-~~  
31 ~~mined under paragraph (1) (A) by 3,863;~~

32 ~~(3) (C) add 3,863 to the product obtained under paragraph (2) (B);~~

33 ~~(4) (D) divide the product obtained under paragraph (3) (C) by 4,107;~~  
34 ~~and~~

35 ~~(5) (E) subtract 1 from the product obtained under paragraph (4) (D).~~  
36 ~~The difference shall be the low enrollment weighting of the district.~~

37 ~~(b) The low enrollment weighting of districts which are less than 200~~  
38 ~~square miles in area shall be determined by the state board as provided~~  
39 ~~by this subsection.~~

40 ~~(1) For districts with enrollment of 1,622 or more the low enrollment~~  
41 ~~weighting shall be 0.~~

42 ~~(2) For districts with enrollment of less than 100, the low enrollment~~  
43 ~~weighting shall be equal to the low enrollment weighting of a district with~~

Education Committee  
3-2-10  
Attachment 4

1 enrollment of 100.

2 (3) For districts with enrollment of less than 1,622 and more than  
3 399, the low enrollment weighting shall be determined by the state board  
4 as follows:

5 (A) Determine the low enrollment weighting for such districts for  
6 school year 2004-2005;

7 (B) multiply the low enrollment weighting of each district determined  
8 under paragraph (A) by 3.863;

9 (C) add 3.863 to the product obtained under paragraph (B);

10 (D) divide the product obtained under paragraph (C) by 4.107; and

11 (E) subtract 1 from the product obtained under paragraph (D). The  
12 difference shall be the low enrollment weighting of the district.

13 Sec. 2. K.S.A. 2009 Supp. 72-8701 is hereby amended to read as  
14 follows: 72-8701. In accordance with the provisions of this act: (a) The  
15 boards of education of any two or more school districts are hereby au-  
16 thorized to may discuss issues relating to consolidation of such districts  
17 and enter into agreements to form one consolidated unified school dis-  
18 trict; and (b) the boards of education of any three or more school districts  
19 may discuss issues relating to consolidation of such districts and enter into  
20 agreements to form two consolidated unified school districts. Such meet-  
21 ings may be held within the boundaries of any of the districts proposing  
22 to form the consolidated district.

23 Sec. 3. K.S.A. 2009 Supp. 72-6412 and 72-8701 are hereby repealed.

24 Sec. 4. This act shall take effect and be in force from and after July  
25 1, 2012, and its publication in the statute book.

Sections 3 through 10. See Attached

, 72-6415b, 72-6431, 72-6433, 72-6434,  
72-6435, 72-6449, 72-6451

Sec. 3. K.S.A. 2009 Supp. 72-6415b is hereby amended to read as follows: 72-6415b. School facilities weighting may be assigned to enrollment of a district only if the district has adopted a local option budget in an amount equal to at least ~~25%~~ 22% of the amount of the state financial aid ~~determined for~~ of the district ~~in~~ for the current school year. School facilities weighting may be assigned to enrollment of the district only in the school year in which operation of a new school facility is commenced and in the next succeeding school year.

Sec. 4. K.S.A. 2009 Supp. 72-6431 is hereby amended to read as follows: 72-6431. (a) The board of each district shall levy an ad valorem tax upon the taxable tangible property of the district in the school years specified in subsection (b) for the purpose of:

(1) Financing that portion of the district's general fund budget which is not financed from any other source provided by law;

(2) paying a portion of the costs of operating and maintaining public schools in partial fulfillment of the constitutional obligation of the legislature to finance the educational interests of the state; and

(3) with respect to any redevelopment district established prior to July 1, 1997, pursuant to K.S.A. 12-1771, and amendments thereto, paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the district.

(b) The tax required under subsection (a) shall be levied at a rate of ~~20~~ 35 mills in ~~the school year 2009-2010 and school year 2010-2011~~ and school year 2011-2012.

(c) The proceeds from the tax levied by a district under authority of this section, except the proceeds of such tax levied for the purpose of paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the district, shall be deposited in the general fund of the district.

(d) On June 6 of each year, the amount, if any, by which a district's local effort exceeds the amount of the district's state financial aid, as determined by the state board, shall be remitted to the state treasurer. Upon receipt of any such remittance, the state treasurer shall deposit the same in the state treasury to the credit of the state school district finance fund.

(e) No district shall proceed under K.S.A. 79-1964, 79-1964a or 79-1964b, and amendments thereto.

Sec. 5. K.S.A. 2009 Supp. 72-6433 is hereby amended to read as follows: 72-6433. (a) As used in this section:

(1) "State prescribed percentage" means ~~31%~~ 22% of state financial aid ~~of~~ for the district in the current school year.

(2) "Authorized to adopt a local option budget" means that a district has adopted a resolution under this section, has published the same, and either the resolution was not protested or it was protested and an election was held by which the adoption of a local option budget was approved.

(b) In each school year, the board of any district may adopt a local option budget which does not exceed the state prescribed percentage.

(c) Subject to the limitation of subsection (b), in each school year, the board of any district may adopt, by resolution, a local option budget in an amount not to exceed:

(1) (A) The amount which the board was authorized to adopt in accordance with the provisions of this section in effect prior to its amendment by this act; plus

(B) the amount which the board was authorized to adopt pursuant to any resolution currently in effect; plus

(C) the amount which the board was authorized to adopt pursuant to K.S.A. 72-6444, and amendments thereto, if applicable to the district; or

(2) the state-wide average for the preceding school year as determined by the state board pursuant to subsection (f) (i).

Except as provided by subsection (e), the adoption of a resolution pursuant to this subsection shall require a majority vote of the members of the board. Such resolution shall be effective upon adoption and shall require no other procedure, authorization or approval.

(d) If the board of a district desires to increase its local option budget authority above the amount authorized under subsection (c) or if the board was not authorized to adopt a local option budget in 2006-2007, the board may adopt, by resolution, such budget in an amount not to exceed the state prescribed percentage. The adoption of a resolution pursuant to this subsection shall require a majority vote of the members of the board. The resolution shall be published at least once in a newspaper having general circulation in the district. The resolution shall be published in substantial compliance with the following form:

Unified School District No. \_\_\_\_\_,

\_\_\_\_\_ County, Kansas.

### RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to adopt a local option budget in each school year in an amount not to exceed \_\_\_\_\_% of the amount of state financial aid. The local option budget authorized by this resolution may be adopted, unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after publication of this resolution. If a petition is filed, the county election officer shall submit the question of whether adoption of the local option budget shall be authorized to the electors of the school district at an election called for the purpose or at the next general election, as is specified by the board of education of the school district.

### CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of unified School District No. \_\_\_\_\_, \_\_\_\_\_ County, Kansas, on the \_\_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

\_\_\_\_\_  
Clerk of the board of education.

All of the blanks in the resolution shall be filled as is appropriate. If a sufficient petition is not filed, the board may adopt a local option budget. If a sufficient petition is filed, the board may notify the county election officer of the date of an election to be held to submit the question of whether adoption of a local option budget shall be authorized. Any such election shall be noticed, called and held in the manner provided by K.S.A. 10-120, and amendments thereto. If the board fails to notify the county election officer within 30 days after a sufficient petition is filed, the resolution shall be deemed abandoned and no like resolution shall be adopted by the board within the nine months following publication of the resolution.

~~(e) Any resolution authorizing the adoption of a local option budget in excess of 30% of the state financial aid of the district in the current school year shall not become effective unless such resolution has been submitted to and approved by a majority of the qualified electors of the school district voting at an election called and held thereon. The election shall be called and held in the manner provided by K.S.A. 10-120, and amendments thereto.~~

~~(f)~~ (e) Unless specifically stated otherwise in the resolution, the authority to adopt a local option budget shall be continuous and permanent. The board of any district which is authorized to adopt a local option budget

may choose not to adopt such a budget or may adopt a budget in an amount less than the amount authorized. If the board of any district whose authority to adopt a local option budget is not continuous and permanent refrains from adopting a local option budget, the authority of such district to adopt a local option budget shall not be extended by such refrainment beyond the period specified in the resolution authorizing adoption of such budget.

(g) (f) The board of any district may initiate procedures to renew or increase the authority to adopt a local option budget at any time during a school year after the tax levied pursuant to K.S.A. 72-6435, and amendments thereto, is certified to the county clerk under any existing authorization.

(h) (g) The board of any district that is authorized to adopt a local option budget prior to the effective date of this act under a resolution which authorized the adoption of such budget in accordance with the provisions of this section in effect prior to its amendment by this act may continue to operate under such resolution for the period of time specified in the resolution or may abandon the resolution and operate under the provisions of this section as amended by this act. Any such district shall operate under the provisions of this section as amended by this act after the period of time specified in the resolution has expired.

(i) (h) Any resolution adopted pursuant to this section may revoke or repeal any resolution previously adopted by the board. If the resolution does not revoke or repeal previously adopted resolutions, all resolutions which are in effect shall expire on the same date. The maximum amount of the local option budget of a school district under all resolutions in effect shall not exceed the state prescribed percentage in any school year.

(j) (i) (1) There is hereby established in every district that adopts a local option budget a fund which shall be called the supplemental general fund. The fund shall consist of all amounts deposited therein or credited thereto according to law.

(2) ~~Subject to the limitation imposed under paragraph (3) and subsection (c) of K.S.A. 72-6434, and amendments thereto, amounts in the supplemental general fund may be expended for any purpose for which expenditures from the general fund are authorized or may be transferred to any program weighted fund or categorical fund of the district. Amounts in the supplemental general fund attributable to any percentage over 25% of state financial aid determined for the current school year may be transferred to the capital improvements fund of the district and the capital outlay fund of the district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of 25%.~~

~~(3) (2) Amounts in the supplemental general fund may not be expended for the purpose of making payments under any lease-purchase agreement involving the acquisition of land or buildings which is entered into pursuant to the provisions of K.S.A. 72-8225, and amendments thereto.~~

(4) (3) (A) Except as provided in paragraph (B), any unexpended budget remaining in the supplemental general fund of a district at the conclusion of any school year in which a local option budget is adopted shall be maintained in such fund.

(B) If the district received supplemental general state aid in the school year, the state board shall determine the ratio of the amount of supplemental general state aid received to the amount of the local option budget of the district for the school year and multiply the total amount of the unexpended budget remaining by such ratio. An amount equal to the amount of the product shall be transferred to the general fund of the district or remitted to the state treasurer. Upon receipt of any such remittance, the state treasurer shall deposit the same in the state treasury to the credit of the state school district finance fund.

(k) (j) Each year the state board of education shall determine the statewide average percentage of local option budgets legally adopted by school districts for the preceding school year.

(l) (k) The provisions of this section shall be subject to the provisions of K.S.A. 2009 Supp. 72-6433d, and amendments thereto.

Sec. 6. K.S.A. 2009 Supp. 72-6434 is hereby amended to read as follows: 72-6434. (a) In each school

year, each district that has adopted a local option budget is eligible for entitlement to an amount of supplemental general state aid. Except as provided by K.S.A. 2009 Supp. 72-6434b, and amendments thereto, entitlement of a district to supplemental general state aid shall be determined by the state board as provided in this subsection. The state board shall:

(1) Determine the amount of the assessed valuation per pupil in the preceding school year of each district in the state;

(2) rank the districts from low to high on the basis of the amounts of assessed valuation per pupil determined under (1);

(3) identify the amount of the assessed valuation per pupil located at the ~~81.2~~ 90.3 percentile of the amounts ranked under (2);

(4) divide the assessed valuation per pupil of the district in the preceding school year by the amount identified under (3);

(5) subtract the ratio obtained under (4) from 1.0. If the resulting ratio equals or exceeds 1.0, the eligibility of the district for entitlement to supplemental general state aid shall lapse. If the resulting ratio is less than 1.0, the district is entitled to receive supplemental general state aid in an amount which shall be determined by the state board by multiplying the amount of the local option budget of the district by such ratio. The product is the amount of supplemental general state aid the district is entitled to receive for the school year.

(b) If the amount of appropriations for supplemental general state aid is less than the amount each district is entitled to receive for the school year, the state board shall prorate the amount appropriated among the districts in proportion to the amount each district is entitled to receive.

(c) The state board shall prescribe the dates upon which the distribution of payments of supplemental general state aid to school districts shall be due. Payments of supplemental general state aid shall be distributed to districts on the dates prescribed by the state board. The state board shall certify to the director of accounts and reports the amount due each district, and the director of accounts and reports shall draw a warrant on the state treasurer payable to the treasurer of the district. Upon receipt of the warrant, the treasurer of the district shall credit the amount thereof to the supplemental general fund of the district to be used for the purposes of such fund.

(d) If any amount of supplemental general state aid that is due to be paid during the month of June of a school year pursuant to the other provisions of this section is not paid on or before June 30 of such school year, then such payment shall be paid on or after the ensuing July 1, as soon as moneys are available therefor. Any payment of supplemental general state aid that is due to be paid during the month of June of a school year and that is paid to school districts on or after the ensuing July 1 shall be recorded and accounted for by school districts as a receipt for the school year ending on the preceding June 30.

(e) ~~(1)~~ Except as provided by paragraph (2), moneys received as supplemental general state aid shall be used to meet the requirements under the school performance accreditation system adopted by the state board, to provide programs and services required by law and to improve student performance.

~~(2) Amounts of supplemental general state aid attributable to any percentage over 25% of state financial aid determined for the current school year may be transferred to the capital improvements fund of the district and the capital outlay fund of the district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of 25%.~~

(f) For the purposes of determining the total amount of state moneys paid to school districts, all moneys appropriated as supplemental general state aid shall be deemed to be state moneys for educational and support services for school districts.

Sec. 7. K.S.A. 2009 Supp. 72-6435 is hereby amended to read as follows: 72-6435. (a) In each school

year, the board of every district that has adopted a local option budget may levy an ad valorem tax on the taxable tangible property of the district for the purpose of: (1) Financing that portion of the district's local option budget which is not financed from any other source provided by law; (2) paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the district; and (3) funding transfers to the capital improvement fund of the district and the capital outlay fund of the district if such transfers are specified in the resolution authorizing the adoption of a local option budget in excess of ~~25%~~ 22% of state financial aid determined of the district for the current school year.

(b) The proceeds from the tax levied by a district under authority of this section, except the proceeds of such tax levied for the purpose of paying a portion of the principal and interest on bonds issued by cities under authority of K.S.A. 12-1774, and amendments thereto, for the financing of redevelopment projects upon property located within the district, shall be deposited in the supplemental general fund of the district.

(c) No district shall proceed under K.S.A. 79-1964, 79-1964a or 79-1964b, and amendments to such sections.

Sec. 8. K.S.A. 2009 Supp. 72-6449 is hereby amended to read as follows: 72-6449. (a) As used in this section, "school district" or "district" means a school district authorized to make a levy under this section.

(b) The board of education of any district may levy a tax on the taxable tangible property within the district for the purpose of financing the costs incurred by the state that are attributable directly to assignment of the cost of living weighting to the enrollment of the district. There is hereby established in every school district a fund which shall be called the cost of living fund, which fund shall consist of all moneys deposited therein or transferred thereto in accordance with law. All moneys derived from a tax imposed pursuant to this section shall be credited to the cost of living fund. The proceeds from the tax levied by a district credited to the cost of living fund shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

(c) The state board of education shall determine whether a district may levy a tax under this section as follows:

(1) Determine the statewide average appraised value of single family residences for the calendar year preceding the current school year;

(2) multiply the amount determined under (1) by 1.25;

(3) determine the average appraised value of single family residences in each school district for the calendar year preceding the current school year; and

(4) (A) subtract the amount determined under (2) from the amount determined under (3). If the amount determined for the district under this paragraph is a positive number and the district is authorized to adopt and has adopted a local option budget in an amount equal to at least ~~31%~~ 22% of the state financial aid for of the school district for the current school year, the district qualifies for assignment of cost of living weighting and may levy a tax on the taxable tangible property of the district for the purpose of financing the costs that are attributable directly to assignment of the cost of living weighting to enrollment of the district; or

(B) As an alternative to the authority provided in paragraph (4)(A), if a district was authorized to make a levy pursuant to this section in school year 2006-2007, such district shall remain authorized to levy such tax at a rate necessary to generate revenue in the same amount generated in school year 2006-2007 if: (i) The amount determined under paragraph (4)(A) is a positive number; and (ii) the district continues to adopt a local option budget in an amount equal to ~~the state prescribed percentage in effect in school year 2006-2007~~ 22% of the state financial aid for the district in the current school year.

(d) No tax may be levied under this section unless the board of education adopts a resolution authorizing such a tax levy and publishes the resolution at least once in a newspaper having general circulation in the district. Except as provided by subsection (e), the resolution shall be published in substantial compliance with the following form:

Unified School District No. \_\_\_\_\_, \_\_\_\_\_ County, Kansas.

### RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to levy an ad valorem tax in an amount not to exceed the amount necessary to finance the costs attributable directly to the assignment of cost of living weighting to the enrollment of the district. The ad valorem tax authorized by this resolution may be levied unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after the publication of this resolution. If a petition is filed, the county election officer shall submit the question of whether the levy of such a tax shall be authorized in accordance with the provisions of this resolution to the electors of the school district at the next general election of the school district, as is specified by the board of education of the school district.

### CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of Unified School District No. \_\_\_\_\_, \_\_\_\_\_ County, Kansas, on the \_\_\_\_ day of \_\_\_\_\_, (year)\_\_\_\_\_.

\_\_\_\_\_  
Clerk of the board of education.

All of the blanks in the resolution shall be filled. If no petition as specified above is filed in accordance with the provisions of the resolution, the resolution authorizing the ad valorem tax levy shall become effective. If a petition is filed as provided in the resolution, the board may notify the county election officer to submit the question of whether such tax levy shall be authorized. If the board fails to notify the county election officer within 30 days after a petition is filed, the resolution shall be deemed abandoned and of no force and effect and no like resolution shall be adopted by the board within the nine months following publication of the resolution. If a majority of the votes cast in an election conducted pursuant to this provision are in favor of the resolution, such resolution shall be effective on the date of such election. If a majority of the votes cast are not in favor of the resolution, the resolution shall be deemed of no effect and no like resolution shall be adopted by the board within the nine months following such election.

Sec. 9. K.S.A. 2009 Supp. 72-6451 is hereby amended to read as follows: 72-6451. (a) As used in this section:

(1) "School district" or "district" means a school district which: (A) Has a declining enrollment; and (B) has adopted a local option budget in an amount which equals at least ~~31%~~ 22% of the state financial aid for the school district at the time the district applies to the state court of tax appeals for authority to make a levy pursuant to this section.

(2) "Declining enrollment" means an enrollment which has declined in amount from that of the preceding school year.

(b) (1) (A) A school district may levy an ad valorem tax on the taxable tangible property of the district each year for a period of time not to exceed two years in an amount not to exceed the amount authorized by the state court of tax appeals under this subsection for the purpose of financing the costs incurred by the state that are directly attributable to assignment of declining enrollment weighting to enrollment of the district. The state court of tax appeals may authorize the district to make a levy which will produce an amount that is not greater than the amount of revenues lost as a result of the declining enrollment of the district. Such amount shall not exceed 5% of the general fund budget of the district in the school year in which the district applies to the state court of tax appeals for authority to make a levy pursuant to this section.

(B) As an alternative to the authority provided in paragraph (1)(A), if a district was authorized to make a levy pursuant to this section in school year 2006-2007, such district shall remain authorized to make a levy at a rate necessary to generate revenue in the same amount that was generated in school year 2007-2008 if the district adopts a local option budget in an amount equal to ~~the state prescribed percentage in effect in school year 2006-2007~~ 22% of the state financial aid of the district for the current school year.

(2) The state court of tax appeals shall certify to the state board the amount authorized to be produced by the levy of a tax under this section.

(3) The state board shall prescribe guidelines for the data that school districts shall include in cases before the state court of tax appeals pursuant to this section.

(c) A district may levy the tax authorized pursuant to this section for a period of time not to exceed two years unless authority to make such levy is renewed by the state court of tax appeals. The state court of tax appeals may renew the authority to make such levy for periods of time not to exceed two years.

(d) The state board shall provide to the state court of tax appeals such school data and information requested by the state court of tax appeals and any other information deemed necessary by the state board.

(e) There is hereby established in every district a fund which shall be called the declining enrollment fund. Such fund shall consist of all moneys deposited therein or transferred thereto according to law. The proceeds from the tax levied by a district under authority of this section shall be credited to the declining enrollment fund of the district. The proceeds from the tax levied by a district credited to the declining enrollment fund shall be remitted to the state treasurer in accordance with the provisions of K.S.A. 75-4215, and amendments thereto. Upon receipt of each such remittance, the state treasurer shall deposit the entire amount in the state treasury to the credit of the state school district finance fund.

New Sec. 10. (a) (1) In school year 2010-2011, the state board shall:

(1) Compute the total amount of the general fund budget and the supplemental general fund budget of each school district for school year 2009-2010;

(2) compute the estimated total amount of the general fund budget and the supplemental general budget of each school district for school year 2010-2011; and

(3) subtract the amount computed under (2) from the amount computed under (1).

(b) If the remainder obtained under (3) is a positive number, the school district may adopt, by resolution, a supplemental general fund which exceeds the state prescribed percentage as defined by K.S.A. 72-6433, and amendments thereto, by an amount not to exceed 3% of state financial aid for the district for school year 2009-2010.

(c) The adoption of a resolution pursuant to this section shall require a majority vote of the members of the board. The resolution shall be published at least once in a newspaper having general circulation in the district. The resolution shall be published in substantial compliance with the following form:

Unified School District No. \_\_\_\_\_,

\_\_\_\_\_ County, Kansas.

RESOLUTION

Be It Resolved that:

The board of education of the above-named school district shall be authorized to adopt a local option budget in school year 2010-2011 which exceeds the state prescribed percentage as defined by K.S.A. 72-6433, and amendments thereto, by an amount not to exceed 3% of state financial aid for the district for school year 2009-2010. The local option budget authorized by this resolution may be adopted, unless a petition in opposition to the same, signed by not less than 5% of the qualified electors of the school district, is filed with the county election officer of the home county of the school district within 30 days after publication of this resolution. If a petition is filed, the county election officer shall submit the question of whether adoption of the local option budget shall be authorized to the electors of the school district at an election called for the purpose or at the next general election, as is specified by the board of education of the school district.

CERTIFICATE

This is to certify that the above resolution was duly adopted by the board of education of unified School District No. \_\_\_\_\_, \_\_\_\_\_ County, Kansas, on the \_\_\_\_ day of \_\_\_\_\_, \_\_\_\_\_.

\_\_\_\_\_  
Clerk of the board of education.

All of the blanks in the resolution shall be filled as is appropriate. If a sufficient petition is not filed, the board may adopt a local option budget. If a sufficient petition is filed, the board may notify the county election officer of the date of an election to be held to submit the question of whether adoption of a local option budget shall be authorized. Any such election shall be noticed, called and held in the manner provided by K.S.A. 10-120, and amendments thereto. If the board fails to notify the county election officer within 30 days after a sufficient petition is filed, the resolution shall be deemed abandoned and no like resolution shall be adopted by the board within the nine months following publication of the resolution.

(d) A school district adopting a supplemental general fund budget pursuant to this section shall be entitled to receive supplemental general state aid in the same manner provided by K.S.A. 72-6434, and amendments thereto, except that no supplemental general state aid shall be paid for that portion of the supplemental general fund budget which exceeds 22% of state financial aid for the district for school year 2009-2010.

## HOUSE EDUCATION COMMITTEE

March 2, 2010

### *Testimony in Support of Senate Bill 485*

**Reginald L. Robinson, President and CEO**

Chairman Aurand, Ranking Member Winn, and members of the Committee, thank you for the opportunity to provide testimony in support of Senate Bill 485, legislation that proposes revisions to the statutes that the Board of Regents implements through its Private Postsecondary Division. As you may know, this legislation was approved by the Senate on February 18<sup>th</sup> by a 31-9 vote.

As part of the process for developing the revisions contained in this legislation, the Division undertook a self-study using the assistance of an independent business consultant to assess its future needs. A copy of this report's Executive Summary is attached for your reference, and I am happy to make the full 56-page report available to you upon request.

The Division's principal responsibility is to regulate private postsecondary sector institutions. This regulation involves such activities as authorizing private or out-of-state postsecondary institutions to operate in Kansas, reviewing new programs offered by these schools, annually evaluating institutions and programs for renewal purposes, and investigating complaints leveled against these schools. This Division plays a critically important **consumer protection** role by working to ensure that Kansans receive the education they pay for.

The proposed revisions would amend Private Postsecondary statutes by: 1) requiring the review of branch locations in Kansas; 2) changing the application and renewal time frames; 3) clarifying the types of degrees that require certificates of approval; 4) providing for greater penalties for violations of the Private Postsecondary Act; 5) requiring data to be reported by regulated institutions; 6) requiring the schools to post their student complaint process; and 7) revising the fee structure.

The requested fee changes would add new categories and increase the maximum amounts that may be charged with those individual categories. The current fee schedule has been in place since 2004 and fails to take into account the rapidly increasing variety and complexity of institutions and academic programs requiring review.

Due to the explosion of private programs, the Division, which is fee-funded, is struggling to keep up with the demand. We are currently in the midst of remarkable growth in the number and

House Education Committee  
Date 3-2-10  
Attachment # 5

complexity of institutions in the Private Postsecondary sector, both across the United States and in Kansas. A recent *Chronicle of Higher Education* article noted that, "Enrollment in the country's nearly 3,000 career colleges has grown far faster than in the rest of higher education – by an average of 9 percent per year over the past 30 years, compared with only 1.5 percent per year for all institutions, according to an industry analyst. For-profit universities now educate about 7 percent of the nation's roughly 19 million students who enroll at degree-granting institutions each fall. And the proportion rises to 10 percent, or 2.6 million, if you count students who enroll year round. Just this academic year, the University of Phoenix eclipsed California State University as the second largest higher-education system in the country, with 455,600 students as of this month—behind only the State University of New York." **In Kansas**, from January 2007 to December 2009, the number of approved institutions in Kansas **increased 22 percent**, from 107 to 131. In that same period, the number of approved academic programs **increased 143 percent**, from 567 to 1,380. **Over 50,000 Kansans** (almost the combined enrollment of the University of Kansas and Kansas State University) are currently enrolled in these programs, and this rapid growth is expected to continue for the next several years.

The Board's Private Postsecondary Division currently employs two individuals. The current workload for that division has required us to engage temporary staff assistance throughout most of the year. As noted above, new institutions and programs/degrees seeking approval are projected to at least double the Division's workload in the very near future. As an example, in the past year a private institution submitted 700 new academic programs for Board staff to review. In addition, degree program requests are moving towards the more complex bachelor's, master's and doctorate degrees and away from less complicated certificate and diploma programs. If this legislation is enacted, the Division expects to add an additional three employees over the next five years.

As the workload increases, costs to regulate this sector are likewise expected to grow in order to keep up with the increased demand. The current fee schedule does not cover the costs of such growth or take into consideration the varying types of institutions and academic programs that are subject to this oversight and regulation. Senate Bill 485 proposes revisions to the fee structure that more accurately reflect the cost of time and resources that must be devoted to reviewing and processing the variety of schools and programs. I would note that the proposed revisions are structured in such a way as to protect those smaller institutions currently operating in Kansas.

I have attached a side-by-side fee comparison that displays the current statutory maximum, the proposed statutory maximum, and the proposed regulation if Senate Bill 485 is enacted. It is important to point out that this is a fee structure aimed at cost recovery, not generating excess revenues.

I also want to emphasize that implementation of the proposed fee changes will enable the division to operate on a business model, tracking all costs to operate, and setting fees at a level that will cover those costs and eliminate the current reliance on State General Funds to cover both direct and indirect costs.

The proposed fees follow a nationwide trend to increase fees in response to the growth in the industry, and the rates we seek to put in place are comparable to those charged in states similar to Kansas. Fees for states surrounding Kansas, for example, although varied in their structure, have either been increased, or are proposed to increase, in response to industry trends.

The other changes proposed in this legislation help to insure that Kansas students receive a quality education from this sector, and the Board believes that, because these measures are fundamentally intended to enhance its capacity to protect consumers, they have the support of most of the covered institutions.

Thank you for your consideration of Senate Bill 485. I am happy to answer any questions you may have.

**EXECUTIVE SUMMARY**  
**STAFF REPORT TO KANSAS BOARD OF REGENTS**  
**ON THE STATUS OF THE PRIVATE POST SECONDARY DIVISION**  
**JANUARY 22, 2010**

- **Purpose of the report**
  - Review the standards and history of the Division
  - Look forward to how the private postsecondary industry is expected to grow in the next several years
  - Review the ability of the Division and the resources needed to respond to the expected growth in the Private Postsecondary industry
  
- **History of Kansas Private Postsecondary Education**
  - In 1909 Senate Bill 507 was introduced for the purpose of regulating approval of private postsecondary institutions.
  - In 1971 the previously enacted Senate Bill 507 was completely revised by the Kansas Legislature and named the Kansas Proprietary School Act "the Act".
  - Senate Bill 345 enacted in 1999 placed control of "proprietary schools" under the Kansas Board of Regents.
  - A 2003 revision to the Act included more fee categories and increased fees and in 2004 the Kansas Private and out-of-state Postsecondary Educational Institution Act became law, improving minimum standards and created new definitions and increased fees.
  - The Kansas Board of Regents, acting pursuant to the Private and out-of-state Postsecondary Educational Institutional Act regulates "private postsecondary educational institutions that includes certain types of private and post secondary schools, colleges and universities."
  
- **Historical data**
  - From January 2007 to December 2009 the approved institutions in Kansas increased from 107 in January 2007 to 131 in December 2009, a 22.4% increase. Additionally, in that same time period, the certificate/diploma and degree programs approved increased from 567 in January 2007 to 1,380 in December 2009, a 143% increase.
  - It is important to note that the institutions applying are moving towards multibillion dollar/Fortune 500 type institutions and away from the smaller cottage schools. As a result, degree program requests are moving towards the more complex bachelor's, master's and doctorate degrees and away from the certificate/diploma programs.
  
- **Projections for the Industry**
  - High unemployment rates have driven adults and nontraditional students back to school. The impact of that is reflected in the historical data above.
  - This growth trend is expected to continue for the next several years. Based on that assumption, it is anticipated that by 2014, there will be 300 approved private postsecondary institutions in Kansas with a projection of over 3,500 certificate/diploma and degree programs. These numbers reflect a 129% increase in approved institutions and a 150% increase in approved programs and degrees.
  
- **What we know**
  - Currently, the Kansas private Postsecondary division employs two persons. The current workload of the two positions has required hours equivalent to 2.25 FTEs. In addition, the current workload has necessitated use of temporary labor throughout most of the year. Even at this level, the demands on the two positions continue to grow.
  - The projections of new approved institutions and programs/degrees will even more dramatically increase the workload in the Division, in fact, it is anticipated that they will at least double.
  - Currently, the indirect expenses of the Division are funded by the State general fund.
  - The Division needs to operate on a business model, tracking all costs to operate, and setting fees at a level that will cover those costs.

- o As part of operating on a business model, an operating reserve is required for unanticipated expenses or reduction in the collection of fees.
- o Expenditures are expected to grow in order to keep up with the increased demands as follows (with comparison to actual for 2009):

	Actual	Estimated	Projected			
	FY 2009*	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014
Total Direct Expenditures	\$ 161,385	\$ 184,250	\$ 320,000	\$ 439,100	\$ 505,600	\$ 560,000
Total Indirect Expenditures	22,250	25,200	44,800	61,500	70,800	78,400
Operating Reserve	-	-	36,000	39,000	40,000	45,000
Total Expenditures	<u>\$ 183,635</u>	<u>\$ 209,450</u>	<u>\$ 400,800</u>	<u>\$ 539,600</u>	<u>\$ 616,400</u>	<u>\$ 683,400</u>

\* - In FY 2009, indirect costs were funded by the State General Fund, along with certain direct costs

• **Proposed Fees**

- o The current fee schedule has been in existence since 2004 and does not take into consideration the varying types of institutions or degrees and programs.
- o The fees being proposed to the 2010 Kansas Legislature provide for a new fee structure that acknowledges that categories are needed to reflect the cost of time spent reviewing and processing different applications and to reflect the diversity in the types and size of institutions requesting approval.
- o These proposed fees are designed to supplant the resources previously funded from the State General Fund to allow the division to be self-funded.
- o The proposed fees follow a nationwide trend to increase fees in response to the growth in the industry. Fees for States surrounding Kansas, although varied in their structure, have also increased or are proposed to increase in response to industry trends.
- o Assuming the new fee structure is enacted with the 2010 Legislative session, effective for July 1, 2010, fee collections are anticipated to be as follows (with comparison to actual for 2009):

	Actual	Estimated	Projected			
	FY 2009	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014
Fees	<u>\$ 145,312</u>	<u>\$ 182,000</u>	<u>\$ 390,100</u>	<u>\$ 543,600</u>	<u>\$ 658,300</u>	<u>\$ 672,000</u>

- A summary comparison of the estimated fees and expenditures for 2010 and the projected fees and expenditures for FY 2011 through 2014 is as follows (with comparison to actual for 2009):

	Actual	Estimated	Projected			
	FY 2009	FY 2010	FY 2011	FY 2012	FY 2013	FY 2014
Revenue	\$ 145,312	\$182,000	\$390,100	\$543,600	\$658,300	\$672,000
Prior Year Carryforward	47,852	34,234	6,784	(3,916)	84	41,984
Expenditures	<u>193,164</u>	<u>216,234</u>	<u>396,884</u>	<u>539,684</u>	<u>658,384</u>	<u>713,984</u>
	<u>(158,930)</u>	<u>(209,450)</u>	<u>(400,800)</u>	<u>(539,600)</u>	<u>(616,400)</u>	<u>(683,400)</u>
Ending Cash Balance	<u>\$ 34,234</u>	<u>\$ 6,784</u>	<u>\$ (3,916)</u>	<u>\$ 84</u>	<u>\$ 41,984</u>	<u>\$ 30,584</u>

**Summary**

The approval of the proposed fees as presented to the 2010 Legislature is critical to continue to enable the Division to meet the growing demands of the Industry.

9-5

## PRIVATE POSTSECONDARY EDUCATION COMPARISON OF PROPOSED STATUTE FEE STRUCTURE

Fees – In State Institutions	Current Statutory Maximum	Proposed Statutory Maximum	Proposed Regulation If Bill Enacted
Initial Application Fee - Non-degree granting	\$1,700	\$ 3,000	\$ 2,000
Degree granting	\$2,000	\$ 6,000	\$ 3,000
Initial degree level evaluation – Non-degree granting	No Current Fee	\$ 2,000	\$ 750
Associate degree		\$ 3,000	\$ 1,000
Baccalaureate		\$ 6,000	\$2,000
Masters		\$ 8,000	\$3,000
Professional and/or Doctoral		\$10,000	\$4,000
Renewal Application Fee Non-degree granting	*\$1,200	** \$50,000	0.2 percent of gross Tuition *\$ 1,200 min or \$25,000 max. \$1,600 min. or \$25,000 max.
Degree granting	\$1,600	** \$50,000	
New Program Fee – (cost per program) Non-degree	No Current Fee	\$2,000	\$ 250
Associate degree		\$3,000	\$ 500
Baccalaureate		\$6,000	\$ 750
Master's		\$8,000	\$ 1,000
Professional and/or Doctoral		\$10,000	\$ 2,000
Program Modification Fee (per program)	No Current Fee	\$1,000	\$ 100
Branch Site Fee – Initial – Non-degree	Branches are not charged separate fees at this time	\$3,000	\$ 1,500
Initial – Degree		\$6,000	\$ 2,500
Renewal: Non-degree		**\$50,000	0.2 percent of gross Tuition *\$ 1,200 min. or \$25,000 max. \$ 1,600 min. or \$25,000 max.
Degree		**\$50,000	
Site Approval Visit (KBOR staff)		No Current Fee	\$1,000
Representative Fees: Initial Registration	\$150	\$1,500	\$ 200
Renewal	\$100	\$1,000	\$ 150
Renewal – Late Submission Fee	No Current Fee	\$1,000	\$ 125
Student Transcript Fee	No Current Fee	\$ 50	\$ 10
Returned Check Fee	No Current Fee	\$ 300	\$ 50

65

Fees – In State Institutions	Current Statutory Maximum	Proposed Statutory Maximum	Proposed Regulation If Bill Enacted
<b>Evaluation Team Fee</b> (Hiring of outside experts needed to help assist in the site evaluation)	No Current Fee	Applicant Institution is responsible for any costs connected with the on-site evaluation, and if necessary, subsequent visits, including travel, meals, lodging, subject matter expert fees, and associated costs	Applicant Institution is responsible for any costs connected with the on-site evaluation, and if necessary, subsequent visits, including travel, meals, lodging, subject matter expert fees, and associated costs

\*Current fee for non-degree granting is \$1,200. Proposed new regulation would not change this as a minimum fee. This will help ensure smaller schools will not have an increase.

\*\* We are basing the regulatory fee at a percentage of gross tuition with a minimum and maximum. The statutory maximum, \$50,000, ensures no more than that can be charged when a large school, such as a complex medical school, renews with large numbers of cohorts (class enrollment).

Renewal	\$200	\$ 3,000	\$ 250
Renewal – Late Submission Fee	No Current Fee	\$ 3,000	\$ 125
Student Transcript Fee	\$ 10	\$ 50	\$ 10

Fees – Out of State Institutions	Current Statutory Maximum	Proposed Statutory Maximum	Proposed Regulation If Bill Enacted
<b>Changes in School Profile Fee –</b> Change in Name Change in Location Change of Only Ownership Change in Ownership with additional changes in the institution's programs or instruction, location, and/or entrance requirements	No Current Fee No Current Fee No Current Fee Changes in Ownership representing a change in curriculum; must apply for new certificate of approval Application fees apply	\$ 1,000 \$ 1,000 \$ 1,000 Must apply for new authorization Initial application fees apply	\$ 100 \$ 100 \$ 100 Must apply for new authorization Initial application fee apply
<b>Evaluation Team Fee</b> (Hiring of outside experts needed to help assist in the site evaluation)	No Current Fee	Applicant Institution is responsible for any costs connected with the on-site evaluation, and if necessary, subsequent visits, including travel, meals, lodging, subject matter expert fees, and associated costs	Applicant Institution is responsible for any costs connected with the on-site evaluation, and if necessary, subsequent visits, including travel, meals, lodging, subject matter expert fees, and associated costs

\*Current fee for non-degree granting is \$2,400. Proposed new regulation would not change this as a minimum fee. This will help ensure smaller schools will not have an increase.

\*\*We are basing the regulatory fee at a percentage of gross tuition with a minimum and maximum. The statutory maximum, \$50,000, ensures no more than that can be charged when a large school, such as a complex medical school, renews with large numbers of cohorts (class enrollment).

**SENTATE BILL 485**  
**Private Postsecondary Education**

**Maximum and Minimum Fees**

This is a fee structure aimed at cost recovery, not generating excess revenues.

**Maximum**

We are basing the regulatory fee at a percentage of gross tuition per Kansas student with a maximum cap of \$50,000.

Circumstances in which \$50,000 fee would be sought apply to large schools, such as a complex medical school with 250 students per class renews. The cost recovery for a large complex school includes extensive annual statutory review of:

- Previously approved programs and degrees
- Instructor credentials
- Administrator qualification
- Student Complaints
- Safety compliance
- Financial stability and solvency
- Accreditation verifications
- Marketing and advertising
- Policies on grading, refunds, attendance,
- Classroom compliance (space and equipment)
- Representative compliance

The above would not be classified as a site visit, but an annual review.

Typically a formal evaluation site visit happens once every five years and includes KBOR staff along with Subject Matter Experts. Costs for KBOR staff come under the site visit fee and all other costs for Subject Matter Experts would be covered by the school. Again, for example, a medical school would require the expertise of doctors and other professional health care providers on a formal evaluation team.

As we speak, states like Oklahoma, Arkansas, Nebraska, Indiana, Kentucky, New York, New Hampshire, North Carolina, and Oregon (among others) are now in the process of creating new statutes to increase their fees (and the maximums). The document you have reflecting the states' fees, as of January 2010, was created for this very purpose by the cohort of states listed.

**Minimum**

The minimum fee for non-degree granting is \$1,200. Proposed new regulation would not change this as a minimum fee. This will help ensure smaller schools will not have an increase.

Comparison of Private Postsecondary State Fees – January 2010

11-5

STATE	AGENCY	Initial Licensure Fee	Renewal Fee (annual unless otherwise noted)	Other Fees
AL	Alabama Dept. of Postsecondary Education, Office of Private School Licensure.	.5% of annual gross income for Alabama students (Degree Granting: \$2,500 Minimum & \$15,000 Maximum)	.5% of annual gross income for Alabama students (Degree Granting: \$2,500 Minimum & \$15,000 Maximum)	Program Change: \$100; Program Name or Institution Name Change: \$30; Change of Address: \$60

WA	Washington Higher Education Coordinating Board, State Approving Agency for Veterans' Education and Training and Degree Authorization	\$2,000	\$1,000	

# Legislative Post Audit Performance Audit Report Highlights

Highlights

## K-12 Education: Reviewing Issues Related to Catastrophic Funding for Special Education

### Report Highlights

October 2009 • 09PA13

#### **Audit Concern**

*2010 Commission members became concerned about the recent dramatic increase in special education catastrophic aid claims. Specifically, they were concerned that districts may not have been including the same types of costs when applying for catastrophic aid, and wanted to know what might happen to catastrophic claims if the law isn't changed.*

#### **Other Relevant Facts**

*The Legislature created catastrophic aid in 1994 to keep school districts and special education cooperatives from being financially devastated if they had to serve students with extremely expensive special education needs. Under current law, the State pays 75% of a student's special education costs that exceed the \$25,000 threshold.*

*When calculating catastrophic costs, districts and cooperatives can include all costs—even those costs already covered by special education transportation and teacher aid—which means they are paid twice for some costs.*

*Because they are paid twice for the same costs, we found that, for 100 of the 758 catastrophic (continued on the next page)*

**AUDIT QUESTION:** *Why has the number of "catastrophic" special education claims increased in recent years, and how many claims are likely over the next several years?*

#### **AUDIT ANSWER and KEY FINDINGS:**

- Claims submitted to cover the "catastrophic" costs for very expensive special education students—those costing more than \$25,000 per year—jumped from 276 to 758 between 2008 and 2009, and catastrophic aid jumped from \$6 million to \$12 million.
- Historically, districts submitted claims only for their very expensive students who required full-time teachers, expensive contracted services, etc. The big increase in 2009 occurred mostly because the Shawnee Mission school district decided to prorate costs for all its special education students, even its less expensive ones. In recent years, several other large districts also began prorating costs for their most expensive students.
- If the law doesn't change for 2009-10 and if all districts and cooperatives were to follow Shawnee Mission's practice of prorating costs and submitting all the claims they could, we estimated claims would jump to 5,500 and aid to nearly \$48 million for 2009-10. This worst-case scenario represents a 625% increase over the claims filed in 2008-09.
- Proposed changes to the requirements for qualifying for catastrophic aid—including raising the threshold for qualifying, and requiring districts to deduct the State special education aid they already receive when calculating catastrophic costs, would reduce catastrophic aid claims significantly. The various proposed changes and our estimated results are summarized in the **figure on the next page**.

#### **We Recommended**

We recommended that the Legislature increase the \$25,000 threshold amount, adjust it for inflation in the future, and require districts and cooperatives to deduct the State special education aid they've already received for a student (transportation and teacher aid) when calculating costs for catastrophic aid.

House Education Committee

Date 3-2-10

**Proposed Changes to Catastrophic Aid Requirements and Our Estimated Results**

Proposed Change:	Threshold	Accounts for inflation?	Eliminates Double-Dipping?	Est. 2009-10 Catastrophic claims/aid	Est. 2009-10 Teacher Aid per Teacher
<b>Scenario #1</b> No change to current law	\$25,000	no	no	5,490 claims \$47.7 million	\$20,026
<b>Scenario #2</b> House Bill 2606	\$36,000 (a)	yes	no	1,270 claims \$14.2 million	\$22,661
<b>Scenario #3</b> Eliminate Double-Dipping (b)	\$25,000	no	yes	530 claims \$3.9 million	\$23,470
<b>Scenario #4</b> 2010 Commission	\$56,400 (2 times prior year's aid per teacher) (c)	yes	yes	10 claims \$420K	\$23,744
<b>Scenario #5</b> Special Education Directors' Proposal	\$59,550 (2 times prior year's avg cost per special education FTE) (d)	yes	yes	10 claims \$390K	\$23,746

(a) House Bill 2606 proposed the threshold be modified to \$36,000 in 2008-09, and adjusted for inflation in subsequent years.

(b) Scenario was created by LPA as it seemed a logical extension of the other proposals, but we don't endorse this over any other proposed change.

(c) This amount is tied to the prior year's special education aid per teacher. For example, the 2007-2008 aid amount per teacher was \$28,200, so the threshold for 2008-09 would be \$56,400.

(d) This amount is tied to the prior year's Statewide average cost per special education FTE. For example, the 2007-08 Statewide average special education cost for 1.0 FTE was \$29,775, so the threshold for 2008-09 would be \$59,550.

Total catastrophic aid would be capped at \$4 million.

**Agency Response:** *The Department of Education agreed with our report.*

**Other Relevant Facts (continued)**

claims filed in 2008-09, districts and cooperatives received an estimated \$1 million in aid over and above the actual cost of providing special education services for these students.

Regardless of what happens to catastrophic aid, the total amount of State special education aid will stay the same, although less aid will be available to distribute as teacher aid. That's because the catastrophic aid formula only affects how special education funding is distributed, not the total amount of aid available.

**Estimated Catastrophic Claims and Aid  
Under Various Proposed Changes to Catastrophic Aid Requirements  
Legislative Post Audit Committee, 2010 Commission, and Special Education Directors Proposals**

Proposed Change	Details of the Proposed Change:			Estimated # of Claims and Estimated Catastrophic Aid	
	Threshold	Accounts for inflation?	Eliminates Double-Dipping?	2009-10	2010-11
No change to current law	\$28,000	No	No	5,480 claims \$49.7 million	6,480 claims \$59.0 million
Legislative Post Audit Committee	\$36,000 (a)	Yes	Yes	100 claims \$1.2 million	100 claims \$1.2 million
2010 Commission	\$59,400 (b)	Yes	Yes	10 claims \$39K	10 claims \$42K
Special Education Directors	\$59,550 (c)	Yes	Yes	10 claims \$390K	10 claims \$420K

(a) The LPAC proposal would increase the threshold to \$36,000 in 2009-10, and then adjust it for inflation in subsequent years.  
 (b) This amount is tied to the prior year's special education aid per teacher. For example, the 2007-2008 aid amount per teacher was \$28,200, so the threshold for 2008-09 would be \$56,400.  
 (c) This amount is tied to the prior year's Statewide average cost per special education FTE. For example, the 2007-08 Statewide average special education cost for 1.0 FTE was \$29,775, so the threshold for 2008-09 would be \$59,550. Total catastrophic aid would be capped at \$4 million.
