41-108. Construction of act in case of invalidity of any provision. If any provision of the Kansas liquor control act, or its application to any person or circumstance, is determined by a court to be invalid or unconstitutional, the remaining provisions shall be construed in accordance with the intent of the legislature to further limit rather than to expand commerce in alcoholic liquor and to enhance strict regulatory control over taxation, distribution and sale of alcoholic liquor through the three-tier regulatory system imposed by the Kansas liquor control act upon all alcoholic liquor and cereal malt beverages.
