41 thereto, may transport such person to a crisis intervention center if the
42 officer is in a crisis intervention center service area. The crisis intervention
43 center shall not refuse to accept any person for evaluation if such person is

1 brought to the crisis intervention center by a law enforcement officer and
2 such officer's jurisdiction is in the crisis intervention center's service area.
3 If a law enforcement officer is not in a crisis intervention center service

34 pursuant to this act not later than 23 hours after admission and again not
35 later than 48 hours after admission to determine if the person continues to
36 meet the criteria described in subsection (a). The 23-hour evaluation must
37 be performed by a different behavioral health professional from the one
38 who conducted the initial evaluation under subsection (a).

39 (c) Not later than 48 hours after admission, if the head of the crisis
40 intervention center determines that the person continues to meet the

3 admission to the crisis intervention center, the care and treatment provided
4 to the person, and the factual circumstances in support of the evaluating
5 professional's opinion that the person meets the criteria described in
6 subsection (a). After reviewing the affidavit and any accompanying

10 (d) The head of the crisis intervention center shall discharge a person
11 admitted pursuant to this act at any time the person no longer meets the

14 intervention center shall make reasonable accommodations for the person's
15 transportation.

16 (e) Not later than 72 hours after admission, if the head of the crisis

19 the crisis intervention center shall immediately file the petition provided
20 for in K.S.A. 59-2957, and amendments thereto, or K.S.A. 59-29b57, and

25 of business of the first day thereafter that the district court is open for the
26 transaction of business.

27 New Sec. 9. (a) Whenever any person is involuntarily admitted to or
28 detained at a crisis intervention center pursuant to this act, the head of the

31 entitled to immediately contact the person's legal counsel, legal guardian,
32 personal physician or psychologist, minister of religion, including a
33 Christian Science practitioner, or immediate family as defined in
34 subsection (b) or any combination thereof. If the person desires to make
35 such contact, the head of the crisis intervention center shall make available
36 to the person reasonable means for making such immediate
37 communication;

38 (2) provide notice of the person's involuntary admission including a
39 copy of the documentation authorizing the involuntary admission to that
40 person's attorney or legal guardian, immediately upon learning of the
41 existence and whereabouts of such attorney or legal guardian, unless that
42 attorney or legal guardian was the person who signed the application
43 resulting in the patient's admission. If authorized by the patient pursuant to

1 K.S.A. 65-5601 through 65-5605, and amendments thereto, the head of the
2 crisis intervention center also shall provide notice to the patient's
3 immediate family, as defined in subsection (b), immediately upon learning
4 of the existence and whereabouts of such family, unless the family
5 member to be notified was the person who signed the application resulting
6 in the patient's admission; and

7 (3) immediately advise the person in custody of such person's rights
8 provided for in section 14, and amendments thereto.

9 (b) "Immediate family" means the spouse, domestic partner, adult
10 children or children, parent or parents, and sibling or siblings, or any
11 combination thereof.

12 New Sec. 10. (a) Medications and other treatments shall be
13 prescribed, ordered and administered only in conformity with accepted
14 clinical practice. Medication shall be administered only upon the written
15 order of a physician or upon a verbal order noted in the patient's medical
16 records and subsequently signed by the physician. The attending physician
17 shall review regularly the drug regimen of each patient under the
18 physician's care and shall monitor any symptoms or harmful side effects.
19 Prescriptions for psychotropic medications shall be written with a
20 termination date not exceeding 30 days thereafter, but may be renewed.

21 (b) During the course of treatment, the responsible physician or
22 psychologist or such person's designee shall reasonably consult with the
23 patient or the patient's legal guardian and give consideration to the views
24 the patient or legal guardian expresses concerning treatment and any
25 alternatives, including views expressed in any wellness recovery action
26 plan or psychiatric advance directive. No medication or other treatment
27 may be administered to any voluntary patient without the patient's consent
28 or the consent of such patient's legal guardian.

29 (c) Consent for medical or surgical treatments not intended primarily
30 to treat a patient's mental disorder shall be obtained in accordance with
31 applicable law.

32 (d) Whenever a patient receiving treatment pursuant to this act
33 objects to taking any medication prescribed for psychiatric treatment, and
34 after full explanation of the benefits and risks of such medication such
35 objection continues, the medication may be administered over the patient's
36 objection. Such objection shall be recorded in the patient's medical record.

37 (e) In no case shall experimental medication be administered without
38 the patient's consent, which consent shall be obtained in accordance with
39 section 12(a)(6), and amendments thereto.

40 New Sec. 11. (a) Restraints or seclusion shall not be applied to a
41 patient unless it is determined by the head of the crisis intervention center
42 or a physician or psychologist to be necessary to prevent immediate
43 substantial bodily injury to the patient or others and that other alternative

1 methods to prevent such injury are not sufficient to accomplish this
2 purpose. Restraints or seclusion shall never be used as a punishment or for
3 the convenience of staff. The extent of the restraints or seclusion applied to
4 the patient shall be the least restrictive measure necessary to prevent such
5 injury to the patient or others, and the use of restraint or seclusion in a
6 crisis intervention center shall not exceed three hours without medical
7 reevaluation, except that such medical reevaluation shall not be required,
8 unless necessary, between the hours of 12:00 midnight and 8:00 a.m.
9 When restraints or seclusion are applied, there shall be monitoring of the
10 patient's condition at a frequency determined by the treating physician or
11 psychologist, which shall be no less than once per each 15 minutes. The
12 head of the crisis intervention center or a physician or psychologist shall
13 sign a statement explaining the treatment necessity for the use of any
14 restraint or seclusion and shall make such statement a part of the
15 permanent treatment record of the patient.

16 (b) The provisions of subsection (a) shall not prevent, for a period not
17 exceeding two hours without review and approval thereof by the head of
18 the crisis intervention center or a physician or psychologist:

19 (1) The use of such restraints as necessary for a patient who is likely
20 to cause physical injury to self or others without the use of such restraints;

21 (2) the use of restraints when needed primarily for examination or
22 treatment or to ensure the healing process; or

23 (3) the use of seclusion as part of a treatment methodology that calls
24 for time out when the patient is refusing to participate in treatment or has
25 become disruptive of a treatment process.

26 (c) As used in this section:

27 (1) "Restraints" means the application of any device, other than
28 human force alone, to any part of the body of the patient for the purpose of
29 preventing the patient from causing injury to self or others; and

30 (2) "seclusion" means the placement of a patient, alone, in a room,
31 where the patient's freedom to leave is restricted and where the patient is
32 not under continuous observation.

33 New Sec. 12. (a) Every patient being treated in any crisis intervention
34 center, in addition to all other rights preserved by the provisions of the
35 crisis intervention act, shall have the following rights:

37 personal possessions, including toilet articles, and keep and be allowed to
38 spend the patient's own money;

39 (2) to communicate by all reasonable means with a reasonable
40 number of persons at reasonable hours of the day and night, including both
41 to make and receive confidential telephone calls and by letter, both to mail
42 and receive unopened correspondence, except that if the head of the crisis
43 intervention center denies a patient's right to mail or to receive unopened

1 correspondence under the provisions of subsection (b), such
2 correspondence shall be opened and examined in the presence of the
3 patient;

4 (3) conjugal visits, if facilities are available for such visits;

5 (4) to receive visitors in reasonable numbers and at reasonable times
6 each day;

7 (5) to refuse involuntary labor other than the housekeeping of the
8 patient's own bedroom and bathroom, provided that nothing herein shall be
9 construed to prohibit a patient from performing labor as part of a
10 therapeutic program to which the patient has given their written consent
11 and for which the patient receives reasonable compensation;

12 (6) not to be subject to such procedures as psychosurgery,
13 electroshock therapy, experimental medication, aversion therapy or
14 hazardous treatment procedures without the written consent of the patient;

15 (7) to have explained the nature of all medications prescribed, the
16 reason for the prescription and the most common side effects and, if
17 requested, the nature of any other treatment ordered;

18 (8) to communicate by letter with the secretary for aging and
19 disability services, the head of the crisis intervention center and any court,
20 attorney, physician, psychologist, qualified mental health professional,
21 licensed addiction counselor or minister of religion, including a Christian
22 Science practitioner. All such communications shall be forwarded at once
23 to the addressee without examination and communications from such
24 persons shall be delivered to the patient without examination;

25 (9) to contact and consult privately with the patient's physician,
26 psychologist, qualified mental health professional, licensed addiction
27 counselor, minister of religion, including a Christian Science practitioner,
28 legal guardian or attorney at any time;

30 mental health professional, licensed addiction counselor, minister of
31 religion, including a Christian Science practitioner, legal guardian or
32 attorney at any time;

33 (11) to be informed orally and in writing of such patient's rights under
34 this section upon admission to a crisis intervention center; and

35 (12) to be treated humanely, consistent with generally accepted ethics
36 and practices.

37 (b) The head of the crisis intervention center may, for good cause
38 only, restrict a patient's rights under this section, except that the rights
39 enumerated in subsection (a)(5) through (12), and the right to mail any
40 correspondence that does not violate postal regulations, shall not be
41 restricted by the head of the crisis intervention center under any
42 circumstances. Each crisis intervention center shall adopt policies
43 governing the conduct of all patients being treated in such crisis

1 intervention center, which regulations shall be consistent with the
2 provisions of this section. A statement explaining the reasons for any
3 restriction of a patient's rights shall be immediately entered on such
4 patient's medical record and copies of such statement shall be made
5 available to the patient, and to the patient's attorney. In addition, notice of
6 any restriction of a patient's rights shall be communicated to the patient in
7 a timely manner.

8 (c) Any person willfully depriving any patient of the rights protected
9 by this section, except for the restriction of such rights in accordance with
10 the provisions of subsection (b) or in accordance with a properly obtained
11 court order, shall be guilty of a class C misdemeanor.

12 New Sec. 13. Any district court records and any treatment records or
13 medical records of any person who has been admitted to a crisis
14 intervention center pursuant to this act that are in the possession of any
15 district court or crisis intervention center treatment facility shall be
16 privileged and shall be not disclosed except as provided under K.S.A. 59-
17 2979, and amendments thereto.

18 New Sec. 14. Any person or law enforcement agency, governing
19 body, crisis intervention center, community mental health center or
20 personnel acting in good faith and without negligence shall be free from
21 all liability, civil or criminal, that might arise out of acting or declining to
22 act pursuant to the crisis intervention act. Any person who, for a corrupt
23 consideration or advantage, or through malice, shall make or join in
24 making or advise the making of any false petition, report or order provided
25 for in the crisis intervention act, shall be guilty of a class A misdemeanor.
