Diamond Springs, CA 95619 USA

Loren was an extremely popular young man when I knew him in school. We attended a very small country high school in Kansas. Class of '67, all 35 of us. I cannot say I was a close friend, but in a class that size, everyone knew everyone else. Close friend or not, his loss is nothing short of a tragedy. Thanks to this memorial, his loss, that of the thousands of others, will not be forgotten.
