

## HB2525 Fancy Creek Bridge Renaming

Thank you so much for your time today.

I know you people don't know me and obviously you will never know my brother.

But, imagine a best friend who happens to be your brother and was a true believer in Riley county, the state of Kansas and gave his life to this country and loved the USA and was killed in action in another country, Vietnam.

I have spent my entire life, since 1969, trying to fulfill some of the dreams he had and ended up fulfilling mine. I miss my brother every day. He was my best friend. We did everything together and enjoyed the outdoor life of hunting and fishing. This country lost a great asset and person when we lost him.

I thank you so much Loren Henry Larson for your sacrifice to this country.

I love you,

Your Brother,

Larry

I'll see you again in Heaven.
