

I am giving testimony in writing. The story of how the Department of Children and Families and Saint Francis Community Services destroyed my family is a very long story. I will pare it down to a few of the lies, threats and fear these people did to my family. I also hold Saint Francis a major contributor to my twin granddaughters deaths. My grandson's names are Rowin and Asher Morgan. Then there is Malachi Smith and Braden Sharp who took on the name Morgan. Then there is Paxton Blick who is full brother to the twin girls Aurorah and Breanna.

This all started in August of 2016 when the paternal grandmother wanted Sarah Sharp the mother to give Paxton to her. When Sarah would not give Paxton to her she called DCF.

The first time Elizabeth Hwang LBSW went to Sarah's home Sarah shut the door on her. After that happened supposedly someone called and said the boy's had no supervision. Sarah was forced to sign a safety plan or the boys would be taken. I said I would stay at Sarah's and supervise. At one point I had to leave but I left my brother at Sarah's while I was gone for about an hour. LBSW said Sarah was going to be evicted and homeless. That was not true, Sarah had no eviction notice because her rent was not due for at least another 10 days. LBSW said Sarah was on meth and was breastfeeding the baby. She knew this was not true because Sarah couldn't lactate and her Dr. gave her a med to try to start lactating. The paternal grandmother and LBSW knew that the paternal grandmother was buying formula.

Sarah was in drug treatment a week before LBSW even showed up. The treatment manager had done an intake with Sarah and said she did not need inpatient service. We faxed this to LBSW and she said she never got the fax. We went back to the person who did the intake and he showed us the fax that said "ok" on it. The LBSW lied about that.

There are other instance, very many that can be proven.

I want to let you know that two of the boys were given to a mentally ill woman. One of the boys was given to an alcoholic who stole over \$15,000 from him, money he would receive when he turned 18 for the death of his father. And two of the boys went to Linda Hackney-Sinclair who is Paxton's paternal grandmother. And there is proof she abused Malachi. Both boys were taken from her and put back into foster care. If anymore proof or matters need to be discussed you can reach me at 316 650 7455.

Thank you. Diana Ashby maternal grandmother.
